

# City Sales Taxes— Show Last Quarter Drop

The City of Hamlin received a check for \$9,344.78 from the state last week for the city's share of the Sales Taxes collected within the city limits during the final quarter of 1974.

This amount brought the total for the year to \$38,169.86, but was down \$1,679.86 from the final quarter of 1973.

City Secretary Johnny Steele said that either the state has made a mistake in

our figures or else the new cutoff time for mailing out the checks will put some of last quarter's money into the first quarter of this year.

Under a new program installed by new state Comptroller Bob Bullock the city sales tax payments were mailed out a full month earlier this quarter than they have been in the past.

Steele said that normally the final quarter is the

biggest quarter of the year, but the payment received for the October-December period was below two of the other three quarters last year.

The City of Hamlin received a total of \$38,169.86 in 1974 from the city sales tax. The biggest quarter was April-June with the city collecting \$10,146.76. This was followed by the next quarter (July-September) with \$9,739.56. The city

collected \$8,938.76 for the first quarter last year.

Area towns and their final quarter sales taxes were: Anson \$7,932.80, Aspermont \$4,484.64, Ballinger \$24,737.16, Cisco \$17,516.99, Clyde \$4,153.40, Hamilton \$13,657.34, Haskell \$15,770.95, Knox City \$6,207.40, Merkel \$5,330.45, Post \$17,042.67, Rotan \$6,818.59, Spur \$5,038.02, Stamford \$20,935.42, and Winters \$11,616.44.

# Six Now In Race For City Council

Six candidates were in the race for the three places on the Hamlin City Council as of Wednesday morning. The deadline for filing was Wednesday afternoon. Joining the list of those previously announced were L. H. Bruton and Robert Cary Sr.

Bruton filed last week and Cary filed Tuesday morning of this week.

Deadline for filing for a place on either the city or school ballot was 5 p.m. Wednesday. The deadline for filing for director of the Hamlin Hospital District is Friday.

As of Wednesday morning five candidates have entered the race for Trustee of the Hamlin Independent School District with three vacancies to be filled. At the same time, no contest had developed for the four places on the Hospital Board.

A drawing for places on the city and school ballots will be

held Friday and absentee voting will open on Monday, Mar. 17, in both of these elections. Absentee ballots for both the city and school elections will be available at the Hamlin City Hall. Both elections will be held Saturday, Apr. 5, at the high school building.

The Hospital election will be held at the Hamlin City Hall annex Tuesday, Apr. 1.

The five candidates entered in the race for the three places on the school board are W. T. Johnson, Cecil Sellers, James Rodgers, James Crowley and Delton Jackson. Entering the race

for city council are A. E. Killion, Robert Fowler, Mike Byerly, Buford Bigham, Bruton and Cary.

The four directors seeking re-election to the hospital board are John Scarborough, Joe Cowan, Donald Young and John R. Brown Jr.

### AT ANSON SATURDAY—

## Pipers Come In Second In First Meet Of Season

In spite of winning six first places in the Sweetwater Jaycees Invitational track meet Saturday, the Pipers were out-pointed for first place honors by the Brownwood Lions. Displaying a great deal of depth, the Lions posted 190

team points to the Pipers 114. Although there were six teams entered in the meet, it turned into a two-team event with Brownwood and Hamlin winning 12 of the 14 events.

The Pipers' Johnny Jones was the outstanding individual in the meet as the sprinter won the 100, 220 and anchored a victorious sprint relay team. Also coming up as a double winner was junior Robert Pharriss with a 19-3½ jump for first in the long jump and 11-6 in the pole vault.

The Piper mile relay team placed third in spite of last minute substitutes that put two new comers on the team. Because of a conflict with a U.I.L. band contest, both Steve Evans and Luke

Reynolds were replaced by Pharriss and Steve Williams in the mile relay. Coach Bill Grissom said that neither of the two boys had ever run the event before. This conflict probably also cost the Pipers some points in the 440-yard dash.

The Pipers will be competing in the Anson Invitational Track meet this Saturday with the prelims starting at 9 a.m. and the finals at 2 p.m.

Hamlin results in the varsity division at Sweetwater were:

Pole vault: 1. Robert Pharriss, 11'6"; 4. Gerald Rodgers, 10'6".

Long jump: 1. Robert Pharriss, 19'3½; 2. Stanley

### NEWS AND VIEWS...

## And What Have You

By BOB CRAIG

Like to remind you of the Lions Club Pancake Supper Friday night. Not only is this a pretty good feed for a \$1, but the proceeds will go to help several causes.

This year the Lions are letting the Stage Band share in the profits for their trip to Europe. The Lions will use their share to continue their support of the many projects they help sponsor in the area—including the local Boy Scouts, Crippled Children's Camp, The West Texas Rehabilitation Center and many other such activities.

From the results of the first track meet of the season Saturday in Sweetwater it would appear that Hamlin track fans are in for another good season. The Pipers won easily over the three other teams from our district in the meet—Coahoma, Colorado City and Ballinger.

Still hope that someday the economic situation will improve to the point that Hamlin can support a track plant worthy of our track teams and more of our own fans will be able to see these youngsters perform.

Some time back a suggestion was made to Mayor Joe Ford that Hamlin needs a taxi service for our elderly. It was pointed out that we have many people who are no longer able to drive and probably many more who should not be driving but they do not have any other way to get around.

Now it is doubtful if any one could operate a taxi service economically. But it would seem to me that this might be a good project for a church or even several churches to undertake. It probably is not feasible on a full

—Continued on page 4

## Lions Pancake Supper Friday

Pancakes will begin coming off the grill at 5:30 Friday evening for the annual Lions Club Pancake Supper. Serving will continue until 7:30 at the high school cafeteria, according to Loyd Burkhart, chairman of the project.

A Cake and Pie sale will also be held during the annual feed.

Tickets are still available

from members of the Hamlin Stage Band or any Lions Club member. Tickets will also be available at the door. Tickets are \$1.00 each.

Local Lions will be serving all the pancakes and bacon you can eat.

The Hamlin Stage Band will share in the profits to aid in their fund raising efforts to tour Europe this summer.

## Volleyball Tournament Set By FFA

Dates for the annual Future Farmers of America volleyball tournament have been announced by Milburn Wink, chapter advisor.

The tourney which will feature five divisions will be staged Apr. 3, 4 and 5 in the local gymnasium.

Practice sessions will begin today (Thursday) with student teams from 5 to 7:30 p.m. and adult teams at 7:30 p.m. Practice sessions will be Monday, Tuesday, Thursday and Friday evenings when not in conflict with other events on the school calendar.

This is the main fund raising project to send delegates to area, state and national conventions and judging teams to contests, Wink said.

## WTS History Professor to Speak Here

Harry L. Krenek, Associate Professor of History at Western Texas College of Snyder, will present a program during the assembly at Hamlin High School Tuesday morning at 9:15.

Krenak will speak on "Toward the Year 2,000." Everyone is cordially invited to attend.

## Local Lodge to Hold First Meeting In New Quarters

The first meeting in the new quarters of the Hamlin Lodge No. 958 A.F. & F.M. will be held Monday evening at 7:30 at 30 Southwest Second Street.

The Hamlin Chapter No. 460, Order of the Eastern Star, will join the Masons at a dinner that evening in the reception hall.

A special guest, Right Worshipful Russell Day of

## Annual Rabies Vaccination Clinic Mar. 13

The annual rabies vaccination will be conducted by Future Farmers of America Chapter Thursday, Mar. 13, at the vocational agriculture building.

A Rotan veterinarian will conduct the vaccination clinic from 1 to 5 p.m. He will be assisted by FFA members in issuing tags. City dog licenses will be available.

Hamlin City ordinance requires that all dogs be vaccinated and licensed. Dogs are not to be allowed to run loose, according to the ordinance. Recent action of the City Council calls for strict enforcement of the ordinance by officers.

Abilene, District Deputy Grand Master, will make his official visit and will present the 50-year Service Award to Fred C. Smith.

After the purchase of the building last year, the men have worked at night and in their spare time to renovate the building. Included is a reception room, kitchen, storage rooms and Lodge room. All labor has been volunteer.

The interior is finished with paneled wainscoting and blown acoustic ceilings and walls. A covered entrance is planned.

The last meeting in the Masonic Lodge Hall upstairs above City Hall was held Tuesday evening. After the work in the building is completed this week, the furniture will be moved to the new location before the Monday meeting.

The local Lodge was chartered Dec. 6, 1907.

The fraternal organization voted to move its quarters to give members the convenience of the ground floor location.

Present officers of the Lodge are C. R. Brumley, W.M.; M. E. Byerly, S.W.; Burt Oliver, J.W.; A. E.

The Blue Bonnet Cafe has announced that 10 percent of the proceeds taken in Tuesday, Mar. 11, will be donated to the Hamlin Stage Band.

Killion, secretary; W. L. Hunter Jr., Treasurer; Clarence Hyer, chaplain; Donald Van Dam, J.D.; Ed Wheat, S.D.; Royce Williams, S.S.; Billy Deel, J.S. and Young Bill Maddox, tiler.

**WORK NEAR COMPLETION**—Bill Sauls, left, and Paul Cooper, both past masters of the Hamlin Masonic Lodge, measure paneling in the east of the new Masonic Lodge building which will be used for the first time by the Masons and Order of Eastern Star Monday evening. The building at 30 Southwest Second Street was purchased last year and extensive remodeling has been done by volunteer labor.

## Girl Scout Leaders Want Summer Day Camp Here

The Girl Scout leaders are trying to set up a Day Camp this summer for all local Girl Scouts. Mrs. Curtis Payne and Mrs. Thomas Welch spent Friday through Saturday at Camp Booth Oaks, Girl Scout Camp south of Sweetwater for training in day camp leadership.

The day camp will need the mother of each Girl Scout who can help, plus anyone who wishes to donate their time and energy to help these and other leaders. The Girl Scout association requires that anyone that does help has to be 18 years old or older.

"You can even be a Senior citizen, just so you are young in heart and can work with

children, and pay \$1.00 Girl Scout membership dues," the workers said.

The camp director said this is good training for young college girls who are majoring in elementary education.

The camp has to meet Girl Scouts regulations and will be inspected before it can open. A lot of material will be needed and all donations will be appreciated.

The following items are needed:

Craft Material: yarn,

### Xi Gamma Pi Hears Program On Quilting

Xi Gamma Pi chapter of Beta Sigma Phi met Thursday in the home of Mrs. L. C. Bonds for the regular bi-monthly meeting. Refreshments were served.

Mrs. Jerry Waggoner, president, presided.

Mrs. Joan Boaz presented the program on "Creative Quilting."

"Quilting is an ancient art and is considered a form of needle work. Quilted undergarments were worn for warmth under suits of armor in the days of knighthood," she said. Quilt patterns were shown.

On display were a double wedding ring quilt, a petal quilt, and a Boaz family heirloom quilt dating to the 1800's which was a sunburst pattern using shades of red, black and white.

Others attending were Mmes. Albert Haught, teacher, John Howard Jr., Bill Shira, Buford Bigham, Howard Jones, J. E. McCoy Jr., Lee Ward, Paul Cooper, J. D. Kitchen, Cecil Sellers, George Pruitt and Herman Sharer.

Coffee cake, coffee and cola were served.

Mrs. Bill Shira and Mrs. C. E. Evans will be hostesses for the March meeting to be set later.

pencil, paper, tobacco cans, potato chips cans, boxes (cigar or any usable kind), paints and brushes (artist kind), foil, plaster molds, egg cartons, lids from spray cans, little juice cans, berry baskets, plastic bowls, and straws. Anything you think they can use to make something, save it for us, the leaders added.

Large items needed are: Dutch ovens, metal handle pots, pots with lids, long handled spoons, spatula, forks, knives, buckets (metal and plastic), foot tub, igloos, bow saw, ax, hoe, rake, shovels, jerry can. There are lots of items it takes to make a camp for a week, the workers noted.

Anyone who will help may call Mrs. Payne, Mrs. Welch or any Scout leader.

"Give these young girls a chance to be leaders of tomorrow," the workers urge.

The Hamlin Girl Scouts is made up of four troops with 50 girls participating.

### Brownies Work On Banquet

The Brownies of Troop 354 met at the Girl Scout Hut Tuesday. The girls worked on crafts for the banquet.

Sunday is Girl Scout Sunday at the Methodist Church. Those who want to attend should be at the church by 10:40 a.m. in order to go as a troop.

The Father-Daughter Banquet will be held Thursday, Mar. 13, at the Methodist Fellowship Hall. Price will be \$2 per plate. Money should be turned in today (Thursday).

Leaders are Oletha Waldrop, Peggy Welch, assisted by Bonnie Hodges and Shirley Lincoln.

### Janice Miller Honored With Gift Tea Here

Janice Lynn Miller, bride-elect of Jerry Farnsworth, was honored Saturday afternoon at a gift tea in the home of Mrs. David Giddings.

Guests were greeted by Mrs. Giddings and presented to the honoree, her mother, Mrs. Clarence Miller, and her fiancé's mother, Mrs. O. L. Farnsworth.

Mrs. Charles Reed and Mrs. Donald Young poured. The table was laid with a white linen damask cloth and centered with a golden candelabra entwined with yellow nasturtiums. Crystal appointments completed the table decor.

Special guests were Miss Peggy Farnsworth and Mrs. Larry Farnsworth, sister and sister-in-law, respectively, of the honoree's fiancé and Mrs. Nancy Miller, her grandmother.

Out-of-town guests included Mrs. A. A. Wade of Abilene and Mrs. Doyce Gillilan of Stamford.

Hostesses with Mrs. Giddings were Mmes. R. D. Wade, Loyd Burkhart, Charles Reed, Wayne Hodnett, R. B. Boil, Edgar Duncan, Richard Mullins, A. G. Miller, Marshall Stewart, Donald Young, James Carter, B. B. Colwell, J. E. Beard, Ione Cheshire and Gary Cooper.

The couple will be married March 22 in the Hamlin Church of Christ.

### Holiday Lodge Report

The Bible Class last Thursday was postponed due to repairs and painting at the Lodge.

Church services Sunday were held by First Baptist Church under the direction of the pastor, the Rev. Howard Jones.

Anyone wishing to volunteer for services to the patients may call 576-3643. Mrs. Robert Christian is activities director.

## Pecan Trees Need Proper Care and Management

Pecans do well in all areas of Texas but they need care and management if they are to be beautiful trees and produce large crops, emphasizes Kirby Clayton, county agent with the Texas Agricultural Extension Service.

A good home management program for pecans includes

fertilization, spraying and irrigation.

Apply one pound of ammonium nitrate to each tree for every inch of trunk diameter. This should be applied in two applications, one in February and one in May. Take care not to apply a heavy concentration of fertilizer on one place, since this will kill lawn grasses.

For pecans to maintain heavy foliage and clean fruit, spray the trees with zinc for normal shoot elongation, with a fungicide for disease prevention and use an insecticide for insect control when the proper time comes.

Irrigation is important for leaf development and fruit production. Under normal conditions, pecans will maintain healthy growth with 50 inches of total rainfall during the growing season. Clayton suggests applying water in a slow dripping or

trickle release for a long period of time rather than short periods of surface sprinkling.

The importance of irrigation is pointed out by the fact that a large, mature pecan tree will use at least 50 gallons of water a day in July and August, notes Clayton.

If pecan trees are properly fertilized, sprayed and irrigated, they should be healthy and productive, adds Clayton.

### Mrs. Griggs Gives Literary Club Program

Mrs. C. Weldon Griggs, Hamlin artist, presented the program for the Friday afternoon meeting of Woman's Literary Club in the home of Mrs. L. H. McBride.

Mrs. Griggs told of the life in Barbados and displayed portraits she painted while there.

Mrs. L. O. Hughes, president, presided.

The next meeting will be the annual Guest Day Tea in the fellowship hall of First Baptist Church. Mrs. C. T. Hubbard of Wellington will review "Papa's Wife" by Thyra Ferre Bjorn.

### Children Here for Celebration

The children of Will Andress who were here for the celebration of his 90th birthday Friday were three daughters, Grace Holder and Sybil Dryden, both of Los Angeles, Calif., Naomi Mayfield of Roby; a son and his wife, Mr. and Mrs. Marvin Andress of Breckenridge and a grandson, Thurman Andress of Abilene.

A party was held in his room at Holiday Lodge Friday afternoon. On Saturday, he joined the group in Roby in the home of Mrs. Mayfield.

### Furniture Restoration Clinic Set

Barber Shop Antiques of Haskell will present a free demonstration on proper care of fine furniture and restoration of antique furniture featuring George Formby of Dallas. The program will be Mar. 11 in two classes at Haskell National Bank Community Room.

The morning class will be 8:30 to 11:30 and the evening class will be 7 to 10. All interested persons are invited to attend and are asked to call (817) 864-2575 to pre-register.

Fomby will demonstrate removing water stains, cigarette burns, cleaning ceramic tile and many other cleaning methods along with refinishing antique furniture.

Gayla Nanny and Ruby Turner of Barber Shop Antiques say to come and bring a friend.

### Mrs. Bond Hosts B&PW Club Meeting

Mrs. Etta Bond was hostess for the Feb. 25 business meeting of Hamlin Business and Professional Women's Club.

Mrs. E. W. Ueckert, president, presided. After reports from officers, the group discussed the Equal Rights Amendment and voted to make a donation to the M. D. Anderson Clinic.

Cake and coffee were served.

Others attending were Mmes. W. C. Hargrove, Luther Haught, Melvin Scott, Othell Sipe and I. R. Witt.

The next meeting will be at 7 p.m. Mar. 11 in the home of Mrs. Sipe.

### Homemakers Change Date Of Meeting

It has been announced that Young Homemakers will not meet Mar. 10. The club will meet Mar. 17 in the Homemaking Department of Hamlin High School at 7 p.m.

The Future Homemakers of America will be meeting with the Young Homemakers.

A representative from the Child Welfare Department of Abilene will give the program on child abuse.

### AARP to Meet Here Tonight

The American Association of Retired Persons will meet at the Jaycee Community Building for a covered dish supper at 6 p.m. today (Thursday).

Hostesses will be Mmes. Tom Gregory, Noble Greer and A. A. Hackley.

Mrs. Earl Brown, president, said that an interesting program is planned and important business will be discussed, which includes a Defensive Drivers' Course.

### JONES COUNTY

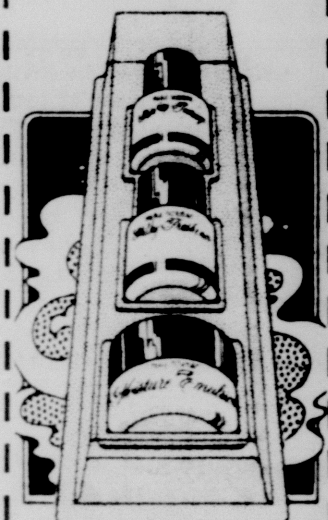

The Jones County Retired Teachers Association will meet Saturday at 11:30 a.m. at the 66 Sirlain restaurant in Anson.

The Anson program committee will be in charge of the program.

FROM THE FILES . . .

FIFTY YEARS AGO  
(March 6, 1925)

Rev. L. M. Lipscomb, who is conducting the revival meeting at the Methodist church will lecture Sunday morning at 9:45 a.m. to the Men's Down Town Bible Class at the Ferguson Opera House. The men from Dr. J. F. Taylor's Bible Class will be present at this hour.

The Hamlin School Parent-Teacher Association will meet on Tuesday afternoon, March 10 at 3:30 p.m. All patrons of the school and those interested are cordially invited to attend. Important business is to be transacted at this meeting.

The Revival meeting which is now being held at the Methodist Church is growing in attendance and interest. Rev. L. Lipscomb, of Plainview who is doing the preaching is drawing the people of Hamlin by the earnest appeal of his messages and the sympathy and love he manifests.

The band was reorganized again under the direction of G. C. Collum and under the management of Judge Clem Calhoun.

Miss Vincie Bowen is now one of the popular sales ladies with Jones Dry Goods Company. She began her work there the first of the month and will be pleased to have her friends call.

Mrs. J. F. Taylor delightfully entertained the members and a few invited friends on Wednesday afternoon of last week at her home on Central Avenue. The time was pleasantly spent playing progressive forty-two.

On Monday evening at the home of Mrs. L. C. Kee, Miss Ruth Roberts entertained with a dinner party honoring Miss Roberta Smith.

Rev. and Mrs. West of Bronte, were here Saturday and Sunday visiting Mr. and Mrs. W. E. Benson.

TWENTY YEARS AGO  
(March 4, 1955)

Hamlin Future Farmers of America and 4-H Club boys—hogs that they are—tried to "hog" the \$1,200 in cash premiums offered last weekend at the Jones County Club Boys Livestock Show held at Anson. The local exhibitors returned home with more than half of the premium money.

Collins Construction Company which only 10 days ago was awarded the contract for straightening, leveling and widening of Highway 83 from Hamlin to Anson, lost no time in getting to work on the project.

Only one person's name had been filed on the city election ticket when the Herald prepared to go to press. He was A. Spencer, who is a candidate for reelection in voting to be conducted April 5.

A special group of singers from Sweetwater will be among visitors at the regular Friday night singing at Dovie this evening community leaders announce this week. Singing will get underway about 7:30 p.m.

A boy for Mr. and Mrs. John Howard Jr. of Hamlin who was born Feb. 26 at 5:45 a.m. Weighing nine pounds four ounces, he has been accorded the name John Vernon Howard III.

W. L. Fletcher Jr., rural mail carrier out of Hamlin was elected as president of the Rural Letter Carriers Association of the Stamford district, comprising six counties, when the group met in annual convention last week at Stamford.

Contract of Superintendent of Hamlin Schools I. R. Huchingson was extended to July 1, 1958, when members of the school board of the Hamlin Consolidated ISD met this week at a regular session.

TEN YEARS AGO  
(March 4, 1965)

The Hamlin Pied Piper Band is again making plans to attend the Lamesa Invitational Band Festival to be held Saturday. The students will leave here Friday afternoon and housing will be furnished in Lamesa for the night.

The Pied Piper basketball team placed one man on the District 5-AA all District Team and one on the Honorable Mention list. Making the ten-man all-district team was Mike Shivers and Robert Pearce was places on the honorable mention list.

The Local Citizens Radio Club announced at its meeting Monday plans to have a CB

Jamboree in Hamlin, July 24 and 25. Citizens radio operators from a considerable distance are expected to be attracted to the event.

The Piper Stage Band of Hamlin High School won first in competition with nine bands in Class 2-A in the 14 annual Brownwood Stage Band Festival held Friday. The best stage bands in the state attend this annual event and the three-day festival included 45 bands from all over the state of Texas.

A new plumbing business opened Monday at 500 S. Central, owned and operated by Mr. and Mrs. J. C. Farmer.

The Post Office moved "home" this weekend and the employees are busy trying to get everything straight in the recently remodeled quarters. The building at Southwest Third and Avenue A, owned by Art and Stanley Carmichael of Abilene, has been the location of the Post Office since June 1951.

NEWS AND VIEWS . . .

And What Have You

— Continued from page One

time scale, but something might be worked out where a small bus or van could run a couple of days a week picking up and delivering the elderly in the community. . . taking them to town and returning them home an hour or so later.

While I don't know any of the details of the program, I received a news release from the Texas Highway Department this week about the availability of grants for equipment for such a program.

The release said in part, "Capital assistance grants for equipment to improve the mobility of the handicapped and elderly can be made to private, non-profit organizations."

Funds made available in the grants may be used to purchase capital equipment such as vans, buses, special lifts, radio dispatching equipment and other items needed to improve the mobility of elderly and handicapped persons.

Regional councils of government will be responsible for review of the applications for the grants which are to be matched with 20 percent of the project cost by the applicant organizations.

Admittedly, I don't know if some organization in Hamlin could qualify for such a grant but even without such a grant there is much that we need to do for our elderly here in Hamlin. Many communities have launched meals on wheels programs for the elderly and the shut-ins.

In the years past, communities such as ours took care of their own, but the trend today seems to be to ask the city, state and federal governments to take over responsibility for all the public service or welfare programs.

Churches used to play a much bigger role in such matters, but, as they have eased their way out of the social work in this area, the civic clubs and government agencies have had to move in. And this has been to the detriment of both the churches and the people in need.

home Feb. 6 after an extended illness.

He was born May 11, 1896 in Arkansas and spent his young years in Fort Worth. He lived in Hamlin from 1914 through 1918.

He is survived by his wife, Alice; a daughter, Mrs. T. C.

Lindsey, Comanche; a grandson; a great-granddaughter; two sisters, Mrs. Norma Lasseter of Hamlin and Rubye Carpenter of Abilene.

Services were held Saturday, Feb. 8 in the First Baptist Church of Comanche.

Brother Dies  
In Comanche

George Charles Acuff, 78, Comanche pioneer oil developer who was the first to drill for oil in the Velma and Dumas fields, died at his

God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

J. A. Has Some Long-Range Advice  
For the Arabs With All That Oil

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes a look at the oil situation this week.

I don't know what it is about going to Washington that robs a man of his knowledge of human nature, but something does.

Right now, with filling stations selling you all the gasoline you want, with oil companies' storage tanks brimful, with ocean tankers hanging around waiting to find some place to unload, and with the Arab oil countries cutting back on production because there's no place to go with the stuff and you can't store it in a tent, it leaks, a lot of people in Washington are worrying over the possibility of the Arabs' refusing once more to sell us any.

How can Congressmen, as interested as most of them are in their personal fortunes, think that the Arabs aren't interested in money also? When you can get \$12 a barrel for oil that cost you 25 cents to produce with somebody else doing the work, you aren't going to shut the door in the face of your best customer. Oh, you might shut it once just to get the price up from \$6 to \$12, but there's bound to

be some Yankee horse-trading or you might say camel-trading sense under those flowing Arab robes. And of course, there's still some old-fashioned ingenuity left in the U.S., outside of Washington anyway. Sooner or later somebody is going to work out a useable source of energy not dependent on oil, and the Arab leaders sitting there on their bountiful pools may wind up like a man I knew a long time ago.

This man, when he was young, was told by his father: "Son, you see that wood lot out there? Hold on to it. There's going to come a time when fire wood is gonna get scarce, people will have to have it to stay warm, and a

Park attendance reflects gas supply

Park attendance was down considerably in the first few months of 1974, according to the National Park Service, but as gas supplies increased, more Americans began to travel.

The result was an increase of more than two million visits or 2.2 per cent, during June, July and August with parks near urban areas and recreation areas posting the largest gains. — CNS

Spain recognized the independence of Portugal by the Treaty of Lisbon, Feb. 13, 1668.

SOUTHWEST FARM SHOW OPENS

Just as surely as March follows February, the Southwest Farm Show opens on Friday morning, March 7, and continues through Sunday night, March 9.

New and interesting farm tractors and equipment, shown for the first time in the Southwest, will be on display for the over 50,000 farm-oriented people expected at the Tarrant County Convention Center in downtown Fort Worth.

County agents and key farmers from throughout the state will begin arriving at the Convention Center Friday morning for the "New World of Agriculture" Forum. Speakers with world knowledge of farm-related subjects, will discuss the farmer's role in the crucial years ahead. The Forum will conclude with a luncheon with the principle speaker being Congressman Jerry Litton from Missouri. The Forum is co-sponsored by Texas Agricultural Extension Service. Tickets are required.

The Farm Show does include plans for the women. A cooking school will be held on Friday morning and a fashion show on Saturday afternoon. Homemakers with a talent for sewing will model their garments made from natural fibers to interested fashion-minded people. The show begins at 4 p.m. The winners will be announced at the tractor pull Saturday night.

F.F.A. teams from the ten Texas districts will show their skill as farm tractor mechanics at 6 p.m. on Saturday. This contest has become a feature event of the rapidly growing, nationally recognized Southwest Farm Show.

Each night thousands of sports fans will enter the big indoor arena to watch the fire-belching tractors roar down the dirt track dragging a weighted sled. Drivers from throughout the United States will be pulling for their share of over \$18,000 in purse money. Added to the excitement this year will be the mini-tractors — garden tractors with 350 plus horsepower engines. Tickets to the tractor pulls each night may be purchased at the ticket office at the Farm Show.

March could come into Texas like a lamb, but it should begin to roar like a lion in Fort Worth the week-end of March 7-9.

man with a good supply can charge what he wants for it. Son, it'll make you rich." Them sheiks better remember that times change. Yours faithfully, J.A.

Health Tips  
Texas Medical Association

'Heimlich Hug' Can Be A Lifesaver

What would you do if you encountered a person choking—unable to talk or breathe? Most people would

probably slap them on the back and hope the problem would work itself out. Now, however, there's a better way! It's called the "Heimlich Maneuver" or the "Heimlich Hug." It was devised by Dr. Henry J. Heimlich, director of surgery at the Jewish Hospital in Cincinnati and in most cases where the "Hug" was applied, a life has been saved. Because the "Hug" is so easy and quick to do, and because its results have been so successful, the Texas Medical Association recommends that everyone become familiar with it so that future choking victims can be spared a needless death.

Prompt action is required to save a choking victim because death can occur inside of four minutes. The "Heimlich Hug," which you may want to practice on a willing "victim" first, can be applied from the standing position in this fashion:

1. Stand behind the victim and wrap your arms around his waist, allowing the victim's head, arms and upper torso to hang forward.
2. Make a fist with one hand and grab it with the other. Place the fist against the victim's abdomen, slightly above the navel and below the rib cage.
3. Squeeze the fist into the victim's abdomen with a forceful upward thrust. This may be repeated if necessary.

(Note: A second person

should be prepared to remove ejected food or other obstruction from the victim's throat when it is expelled.)

If the victim has already collapsed, the rescuer need not pick him up. Face down or face up, the procedure is basically the same: Straddle the victim. Place both hands (one on top of the other) just below the victim's diaphragm. Then push sharply toward the victim's head. The procedure should be repeated if necessary.

(Note: A second person should be prepared to remove ejected food or other obstruction from the victim's throat when it is expelled.)

The idea of the "Heimlich Hug" is to compress the air in the lungs, so that food stuck in the throat pops out, enabling the victim to breathe again.

Every year in the United States, 3900 people strangle on food stuck in their throats. That's more people than are killed each year in accidental shootings. In most cases, the incident occurs at the dinner table. The victim suddenly chokes, turns blue or black, and is dead within minutes. He can neither speak nor help himself. And chances are no one else will help him either since bystanders usually confuse the episode with a heart attack. Thus the popular appellation, "cafe coronary."

The typical case of "cafe coronary" involves an elderly person with either no chewing teeth, or with ill-fitting dentures. The victim also often has been drinking, and so is not as careful as he should be about cutting up his meat or chewing adequately.

In one case, a man told his wife, "Mabel, you can't swallow that big piece of steak." She replied, "Oh yes I can!" Unfortunately, those were her last words.

## Bill Cork Takes Over At Border Olympics

Former Piper super track star Bill Cork moved into the junior college ranks with a bang Saturday as he led Ranger Junior College to their first division championship at the Border Olympics at Laredo.

Ranger track coach Orland Aldridge took the talented freshman out of his specialty, the 440-yard dash, and entered him in both the 100 and 220 dashes. And without previous work in either event Cork walked off with the first place medals in both events.

Along with these two events he also ran on both the 440 and mile relay teams that captured first place honors. In the field events Friday, Cork jumped 6'6" for a second place in that event.

Cork ran a 9.8 100 and a 22.0 in the 220. Ranger won the 440 relay with a time of 41.7 and the mile relay with a time of 3:16.7.

Another Piper off of last year's track squad, Ronald Maberry, took second place

in the college division for McMurry in the 440 intermediate hurdles with a time of 55.9. He scored eight of the 11 points scored by McMurry in the meet.

Mr. and Mrs. Stephen Wynne Feagan are parents of a boy, Stephen Wynne Jr., 7 lbs. 4 oz., born Mar. 4 at 8:37 a.m. He has a sister, Danna Kay, 4. Maternal grandparents are Mr. and Mrs. Joe Fudge, great-grandparents, Mr. and Mrs. E. D. Jenkins and Mrs. Rodney Rook. Paternal grandparents are Mr. and Mrs. Bill Feagan, great-grandparents, Mr. and Mrs. E. C. Feagan and Charles Stephens of Anson and great-great-grandmother Mrs. Hester Littlefield of Anson.

Mrs. Dan Branscum returned home after a two weeks' visit with her daughter, Mr. and Mrs. Eddis Carpenter of Plainview.

## Scientists warn of ozone danger

IRVINE, Calif. — If aerosol spray use continues at the current rate, stratospheric ozone levels probably will drop by 5 per cent in 1995 and ultimately by more than 15 per cent, according to Dr. F. S. Rowland, professor of chemistry, University of California at Irvine.

A drop in the ozone level leads to increased amounts of ultraviolet radiation resulting in possible damage to the eyes, sunburn, aging of the skin and skin cancer. — CNS

The poor spend 15 per cent of their income on energy while the rich typically spend only 4 per cent, according to Ford Foundation figures. — CNS

In 1949, the Social Security tax was only 1 per cent on both employer and employee, applied to the first \$3,000 of income. — CNS

## Rummage Sale Needs Items

More items are needed for the Stage Band Rummage Sale, according to Odessa Howard, chairman. She said that the rummage sale has been the biggest money-making project for the band's European trip this summer. "We urge everyone in Hamlin to begin their spring cleaning and take items to the rummage sale or call us for pickup at 576-3448," Mrs. Howard said.

Mrs. Howard said they need items such as dishes, furniture, clothes, especially baby clothes, blankets, bedspreads, pots for plants, sheets, appliances, etc.

# Complaints About Obscene Material On TV Paying Off

WASHINGTON, D. C.—People's complaints about obscene and indecent material on television are paying off. By reason of these complaints and pressure from Congressional sources, the Federal Communications Commission will seek legislation making it a crime to show these programs.

A ten-page report to Congress on the broadcasting of violent, indecent and obscene material proposes to close what the Commission believes to be a loophole in Federal law which makes it a crime to use indecent language in broadcasting.

Under present law, the FCC says it is uncertain whether the Commission has authority to proceed against video depiction of obscene and indecent material. The report does not specifically say what kind of programming would be considered indecent. In the past, some Commissioners have expressed concern that X-rated movies might be shown on television and some have already been shown.

The report points to recent guidelines the Commission issued in a decision involving complaints against a New York radio station which had broadcast during mid-afternoon a sexy program in what they considered to be vulgar terms. The Commission ruled that in that case it would not permit indecent language to be broadcast during hours when children might be listening. One Commissioner wrote in the report that there should be no specification as to time. "To me," the Commissioner said, "the language used in this case has absolutely no place on the air whether it be 2:00 p.m. or 2:00 a.m."

In the past the problem has been, can the Government regulate and limit programs under the provision of the First Amendment to the Constitution guaranteeing freedom of speech. Under this Constitutional provision, it is sensitive for the Government to get into the business of determining what is offensive and what is not and this has been a hangup in trying to reach solutions to the problem of some broadcasting.

The National Association of Broadcasters' Television Code Review Board has adopted guidelines which will come before the broadcasting industry in April. In reviewing the reform proposal by the industry, the FCC has already said that it will not provide absolute assurance that children or particularly sensitive adults will be insulated from objectionable materials. The Commission says, however, that the new commitments by the broadcasting industry suggest it is prepared to regulate itself to bring about improved conditions. It goes on to say that if this were done to the proper extent, legislation may not be necessary.

One of the Commissioners who is a former broadcaster himself said that to try to set specific rules or setting aside certain times when more objectionable programs may be shown is not the answer. He said that "garbage is garbage" and, under no stretch of the imagination, should filth be permitted to be broadcast in the context of literary, artistic, political or scientific value.

The Commission's report and the proposed guidelines of the broadcasting industry are expected to be examined this month during Congressional hearings on how well the Federal Communications Commission is doing its job. It is hoped that the broadcasting industry in consultation and cooperation with the FCC will come up with agreement to clean up the airways and that, preferably, strict legislation will not be necessary. Government intervention and more control is not desirable if the problem can be resolved otherwise. Even drafting legislation for this purpose will be difficult in defining limits under the First Amendment of the Constitution.

By ROBIN WELLES  
Copley News Service

HOLLYWOOD — Mac Davis stopped and smelled the roses the other day because everything seems to be coming up roses for the likable singer-song writer.

With an armful of hit records and a popular network television variety show, one might think that Davis would slow down and savor these moments — no way!

"Before the show was picked up I was doing a lot of concerts, but I've stopped this while the show is in production," Davis said in an interview. "So now I'm working on some new songs with my partner, Mark Jones."

"I can't write and record while I'm on the road and I enjoy doing both," said the Texas-born Davis. "I usually only write, though, when I'm inspired or under pressure, but Mark (who wrote 'Hooked on a Feeling' and 'Suspicious Minds') acts as a catalyst for me. He makes me write one song a day and they're good."

It was this Davis-Jones team which penned "One Hell of a Woman," said Davis, who revealed that he's much better on lyrics than melodies although "melodies are easier."

"I keep the melodies simple," said Davis. "I really think that's the reason for my

# Things coming up roses for Davis

success and that of all country music. People want to be able to understand what they're hearing."

According to Davis, he's always had "the knack for rhyming words." This comes in handy during his show when he makes up songs to go along with crazy titles his guests think up.

"I have to admit that I do see the titles briefly before the show, but only to weed out the dirty ones," Davis revealed. "There are about 250 for each show so it's impossible to remember any of them."

Davis said he hopes the show will lead him into some movie roles, but so far the only scripts he's seen have been for cowboy movies.

"Southern people do other things, you know," he said. "Heck, I can't ride worth a dang."

"Ain't Gonna Play No Second Fiddle" is the title of Dana Gillespie's new RCA album and should be prophetic. Whether it's blues or rock, Dana handles the songs like they belong to her. She couples a warm voice with a masterful technique to bring special feeling to such songs as "Really Love the Man," "Hold Me Gently" and the title track (one of only three songs in the album that she didn't write).

heavy metal rock, Suzi Quatro, who has given the old Elvis hit "All Shook Up" a few shakes and rolls that Elvis never thought of. With Quatro's guitar and vocal coupled with some wild electric organ, this Bell Records release can burn out a lot of radios.

**Geothermal hole being dug in Idaho**

BOISE, Idaho — The first geothermal program in the nation to try to tap water below 320 degrees Fahrenheit and use it for generating electric power is progressing as 24-hour-a-day drilling goes on in Idaho's Raft River Valley.

Expected to be completed in early March, the 8,000-foot geothermal exploratory hole will cost about \$700,000. — CNS

## Food Stamp Recipients Now Using New Coupons

Food stamp recipients are now using new coupons, according to the U. S. Department of Agriculture. The new stamps went into effect Saturday, Mar. 1, and come in larger denominations than the previous ones.

The coupons will be of \$1, \$5 and \$10 denominations. The 50-cent and \$2 coupons will be discontinued.

USDA's Food and Nutrition Service said the larger denominations were prompted by the volume of coupons needed to meet increased food stamp allotments, paper shortages and increased production and shipping costs.

The new food stamps — brown (\$1), purple (\$5), and blue-green (\$10) — use a more sophisticated design to deter counterfeiting.

FNS said that food stamp users must spend their current food stamps by June 30 of this year since retailers will not accept any old coupons after that date.

Authorized food stamp stores will use the \$1 coupon for making change instead of the current 50 cent coupon and credit slips of 99 cents or less for change under \$1. Books will be signed by the food stamp customer on the inside front cover, instead of on the back of the book.

The ivory-colored coupon books are in amounts of \$2, \$7, \$40, \$50 and \$65.

FNS advised retailers to redeem the current food coupons as soon as possible. Banks will continue to accept them for redemption until August 1 of this year.

# Primary Bill Limpers Through House

AUSTIN—A Texas presidential preference primary bill finally limped through the House of Representatives after two days of bitter debate.

Opponents assailed it as a winner-take-all measure, disregarding national party regulations aimed at assuring proportional representation among state delegates of presidential candidates.

Proponents argued it will give average voters a more direct voice than they now have in the presidential nominating process.

Impetus for the bill (HB 679) by Rep. Tom Schieffer of Fort Worth came from supporters of U.S. Sen. Lloyd Bentsen of Texas for president and citizens weary of the political convention process.

Fierce opposition came from Democratic liberals who want to retain the "reformed" convention system, from George Wallace supporters and a few who have little enthusiasm for Bentsen's candidacy. Most Republicans also voted against the bill—quietly.

As sent to the Senate, the measure calls for a vote in May on slates of delegates committed to presidential candidates who file. Elections would be held by senatorial or congressional districts (depending on decision of a state party's executive committee.)

Seventy-five percent of Texas' allotted delegates to the national party conventions would be elected directly at the district level, 25 per cent at the state conventions.

Proponents predict Senate passage of a similar bill, but some senators are reluctant. Gov. Dolph Briscoe has given his support, along with Bentsen.

**SCHOOL PLANS IN**  
Governor Briscoe's school finance revision plan hit legislative hoppers this week, and committees of both houses prepared to begin

hearings on the high priority topic soon.

Briscoe's bill calls for a "weighted pupil" approach to distributing state aid and would cost \$589.9 million during the next biennium (\$919.9 million overall.)

Cost compares with \$2.7 billion for the Texas State Teachers Association school finance bill and about \$1 billion for one proposed by Rep. Dan Kubiak of Rockdale, former House Education chairman.

Briscoe proposed to increase teacher salaries from \$6,600 a year to \$7,430 during the next year and \$7,840 the next. TSTA is aiming for a \$10,000 a year starting teacher salary and Kubiak recommended \$8,400.

The Governor saw his bill as "a proposal to guarantee quality education to every child in Texas, regardless of the income of his parents or

the wealth of his community."

**BIG, BIG TRUCKS OK'd**  
The State Senate passed 29-1 legislation to increase the gross weight limit for trucks on main Texas highways from 72,000 to 80,000 pounds.

The lone dissenter, Sen. A. R. Schwartz of Galveston, claimed the new weight would cause highway damage and an additional safety hazard.

Sen. Kent Hance of Lubbock, the sponsor, said the bill merely conforms with new federal load limits for interstate highways and claimed the formula designed will cause little measurable road damage.

The Senate also passed a bill to permit suspensions of "incorrigible" pupils for periods up to a year after notice and hearing and on the showing that they are a threat to safety and

disruption of the academic process.

**COURTS SPEAK**  
The Court of Criminal Appeals ordered new trials for fathers in Dallas and Taylor counties charged with killing their babies.

New trial was also ordered for two San Antonio men who received 600 year sentences for shooting a night store manager to death.

The State Supreme Court held the Optometry Board of Texas can suspend advertising permits of opticians.

The High Court upheld a Court of Civil Appeals ruling that a Beaumont woman is entitled to \$5,000 damages after false arrest on shoplifting charges at a discount store.

Third Court of Civil Appeals sustained a district court judgment enjoining Empire Life Insurance Company from doing business in Texas.

An Austin district judge's ruling against repayment of teacher retirement system contributions to a former University of Texas employee was upheld by the Texas Supreme Court.

**APPOINTMENTS**  
Ruben Montemayor of San Antonio, attorney who served as mediator during the 11-day Huntsville prison siege of last summer, was named by Governor Briscoe to the State Department of Corrections.

Briscoe also reappointed Lester Boyd of Vernon and James Marvin Windham of Livingston to the Board.

The Governor reappointed J. Pearce Johnson of Austin as a member and chairman of the Parks and Wildlife Commission. Joe Kirk Fulton of Lubbock was reappointed. Mrs. W. Smythe Shepherd

of Beaumont was appointed to the Lamar University board of regents, and David K. McKie of Tyler, Dr. B. Hunt McVicker of Lufkin and Dean Walton Turner of Henderson were reappointed to the Tyler State College board of directors.

Briscoe named L. T. Faircloth of Carrollton, Sam C. Naifeh of Orange, Charles Truett Smith of Wylie (reappointee) to Texas Industrial Commission.

**AG OPINIONS**  
The adjutant general of Texas can permit civilian groups to use National Guard armory facilities if no state expense is involved, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:  
—Pollution data supplied

**Tree research aims at bypassing seeds**

BEAVERTON, Ore. — Weyerhaeuser Co. is funding a \$1.25 million research project by the Oregon Graduate Center for Study and Research here aimed at reproducing superior Douglas fir trees from single cells.

Object of the experiment is to bypass the process of growing trees from seeds which would make it possible to develop and mass-produce desirable strains of trees having a resistance to disease and insects. — CNS

**Too many drivers drink too much**

Seven per cent of licensed drivers drink too much, accounting for nearly 30,000 traffic deaths each year, says the National Highway Traffic Safety Administration.

A new device from General Motors would weed out the worst offenders by requiring them to punch in a set of five random numbers correctly before the ignition key would work. — CNS

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

—Cattle manure can be transported in its natural state as an "agricultural product."

**SHORT SNORTS**  
A \$64.1 million quarterly rebate of city sales taxes was announced by Comptroller Robert Bullock—a month earlier than usual.

Attorney General Hill filed new motions to speed release of \$174 million in pollution control funds for Texas which had been impounded by the

federal government.

Cash receipts from Texas agricultural products decreased more than \$405 million in 1974, according to Agriculture Commissioner John C. White. White said value of Texas cattle and calves was cut more than half between January 1975 and the previous year (\$2.5 billion.)

Twelve million in emergency funds will be mailed to 37 public junior colleges late this month.

# Farabee Seeks Creation Of Official State Register

AUSTIN—State Senator Ray Farabee today introduced legislation which would authorize the creation of an official Texas State Register. The publication would contain information about various State agencies and their activities.

As to the purpose of the Register, Farabee explained, "Government is too important to be left to a few. We need to get information to as many people as possible because too often citizens have too little say so in the day to day decisions of their government. I agree with Governor Briscoe that a Texas Register would provide more effective communication through the publication of information about the administrative operation of State government."

Farabee said he had worked closely on this matter with Secretary of State, Mark

White. The Secretary of State would be in charge of the publication. Indications are the Register would be bi-weekly.

One category of information to be included in the Register is notices of meetings. Farabee indicated he was particularly pleased with that provision of the bill. "People have a right to know

what is going on before it happens," Farabee said, "otherwise there is no way for them to express their opinion."

Also included in the publication would be executive orders of the Governor, summaries of Attorney General's opinions, requests for Attorney General's opinions, and various State agency rules. In addition it would contain a category of general information of State interest such as federal legislation or regulations affecting the State and State agency organizational and personnel changes.

Senator Farabee said a preliminary study on the Register indicated an increased interest in governmental affairs and a tremendous growth in Texas government. Since there is currently no means of official communication for State government a register would provide "a vital service" according to Farabee.

Most of the cost of publishing the Register would be ultimately recovered through subscription revenues.

## Services Held Sunday for Mrs. Elva Cox

Mrs. Elva Cox, 82, died at 11:40 p.m. Friday at Holiday Lodge Nursing Home.

Services were held at 3 p.m. Sunday in the Cumberland Presbyterian Church in Garden City.

The Rev. G. H. Short, pastor, officiated. Burial was in Garden City Cemetery directed by McCoy Funeral Home.

She was born Dec. 7, 1892, and married Phineas Cox Jan. 2, 1910, in Tulsa. He died May 20, 1966.

She was a member of the Church of the Nazarene.

Survivors include a son, Felix of Midland; a daughter, Mrs. Phil Smith of Hamlin; four grandchildren and seven great-grandchildren.

Three brothers preceded her in death.

## SPECIALIST SAYS NO—Fertilizer for Crops Only?

COLLEGE STATION—With the present world food crisis and fertilizer shortages, should fertilizer use be restricted only to crop production?

"Absolutely not," argues Dr. Richard Doble, turf specialist for the Texas Agricultural Extension Service. "Fertilizer plays an important role in maintaining grasses in lawns, parks and golf courses, and these areas make significant contributions to the environment as well as having aesthetic and recreational values.

"For instance," says Doble, "grasses release oxygen to the environment while filtering many harmful pollutants. Sulfur, a major air pollutant in industrialized areas, is readily absorbed and utilized by grasses. Plants also thrive on carbon dioxide exhaled by humans. Furthermore, turfgrasses significantly reduce temperatures, glare, dust and noise in urban environments."

Another major function of grasses, according to the Texas A&M University System specialist, is that they reduce soil erosion and water runoff, two major problems in many areas.

What about the aesthetic and recreational aspects of grasses?

"Turfgrasses are essential for the health and happiness of people in urban surroundings," contends Doble. "In a recent national survey city dwellers ranked 'green grass and trees' as essential for their well-being."

Green belts and open area developments, such as parks and golf courses, are becoming increasingly popular, according to the turf specialist. "Golf courses have replaced lakes as the major attraction for land developers for the sale of home sites, apartments and condominiums."

Rather than restrict the use of fertilizer for turfgrasses, Doble urges efficient use of plant food materials. He also suggests the use of slow-release fertilizers that are especially formulated for use on turf. Organic materials such as sewage sludge are also well suited for use on non-crop land to promote grass growth.

## Hamlin High Happenings Piper Patter

by Gary Ford Patrice Moore Lisa Absher

The Speech Class of HHS is gathering entries for their school talent show to be held Friday, Mar. 14. Several entries have already been received and the show promises to be a good one.

HHS

Texas Public School Week is being observed this week in Texas. The Hamlin Public Schools Open House was held Tuesday night.

HHS

The Hamlin Stage Band competed in the Roscoe Stageband Festival last week and took first place as well as placing six people on the All-Star Band.

Receiving Division I ratings were Debra Hollis, Lisa Howard, Wayne Wheat, Cheryl Baker Quartet, Kayla Mehaffey, Elise Kelley, Jan Ford Quartet. Division II recipients were Greg Bessire, Julie Jeffrey, Mark Fowler, Nickey Bond and Russ Lakey.

HHS

The Hamlin High School Concert Band competed in contests in Sweetwater Saturday and received a Division I in concert and a Division II in sightreading. Several individuals and ensemble groups also competed.

HHS

The Stage Band Game Night Benefit Saturday evening raised approximately \$350. The Stage Band will also present a concert at the First State Bank in Abilene Friday from 4 to 6 p.m.

## Music Day In Schools Here Mar. 13

Mar. 13 has been proclaimed Music in Our Schools Day by Governor Dolph Briscoe and endorsed by specialized music organizations.

In observing the day, patrons of Hamlin schools are invited to visit music classes.

Also planned is a concert at Hamlin Elementary School at 12:45 p.m. Mar. 13. Price of admission will be 25 cents per person. Proceeds will be used toward the Stage Band's planned trip to Europe.

The public is invited to the concert.

## RAINFALL

Rainfall during the month of February measured 1.61 at the residence of Bill Rountree, official gauger for Hamlin.

Moisture was recorded on the following dates: Feb. 1, .74; Feb. 2, .40; Feb. 3, .20; Feb. 4, .10; Feb. 16, .04; Feb. 22, .07; Feb. 23, .06 (1 in. snow).

It is calculated that hydrogen comprises 90 percent of all matter

# City Sales Taxes— Show Last Quarter Drop

The City of Hamlin received a check for \$9,344.78 from the state last week for the city's share of the Sales Taxes collected within the city limits during the final quarter of 1974.

This amount brought the total for the year to \$38,169.86, but was down \$1,679.86 from the final quarter of 1973.

City Secretary Johnny Steele said that either the state has made a mistake in

our figures or else the new cutoff time for mailing out the checks will put some of last quarter's money into the first quarter of this year.

Under a new program installed by new state Comptroller Bob Bullock the city sales tax payments were mailed out a full month earlier this quarter than they have been in the past.

Steele said that normally the final quarter is the

biggest quarter of the year, but the payment received for the October-December period was below two of the other three quarters last year.

The City of Hamlin received a total of \$38,169.86 in 1974 from the city sales tax. The biggest quarter was April-June with the city collecting \$10,146.76. This was followed by the next quarter (July-September) with \$9,739.56. The city

collected \$8,938.76 for the first quarter last year.

Area towns and their final quarter sales taxes were: Anson \$7,932.80, Aspermont \$4,484.64, Ballinger \$24,737.16, Cisco \$17,516.99, Clyde \$4,153.40, Hamilton \$13,657.34, Haskell \$15,770.95, Knox City \$6,207.40, Merkel \$5,330.45, Post \$17,042.67, Rotan \$6,818.59, Spur \$5,038.02, Stamford \$20,935.42, and Winters \$11,616.44.

PRICE 15¢

# Six Now In Race For City Council

Six candidates were in the race for the three places on the Hamlin City Council as of Wednesday morning. The deadline for filing was Wednesday afternoon. Joining the list of those previously announced were L. H. Bruton and Robert Cary Sr.

Bruton filed last week and Cary filed Tuesday morning of this week.

Deadline for filing for a place on either the city or school ballot was 5 p.m. Wednesday. The deadline for filing for director of the Hamlin Hospital District is Friday.

As of Wednesday morning five candidates have entered the race for Trustee of the Hamlin Independent School District with three vacancies to be filled. At the same time, no contest had developed for the four places on the Hospital Board.

A drawing for places on the city and school ballots will be

held Friday and absentee voting will open on Monday, Mar. 17, in both of these elections. Absentee ballots for both the city and school elections will be available at the Hamlin City Hall. Both elections will be held Saturday, Apr. 5, at the high school building.

The Hospital election will be held at the Hamlin City Hall annex Tuesday, Apr. 1.

The five candidates entered in the race for the three places on the school board are W. T. Johnson, Cecil Sellers, James Rodgers, James Crowley and Delton Jackson. Entering the race

for city council are A. E. Killion, Robert Fowler, Mike Byerly, Buford Bigham, Bruton and Cary.

The four directors seeking re-election to the hospital board are John Scarborough, Joe Cowan, Donald Young and John R. Brown Jr.

### AT ANSON SATURDAY—

## Pipers Come In Second In First Meet Of Season

In spite of winning six first places in the Sweetwater Jaycees Invitational track meet Saturday, the Pipers were out-pointed for first place honors by the Brownwood Lions. Displaying a great deal of depth, the Lions posted 190

team points to the Pipers 114. Although there were six teams entered in the meet, it turned into a two-team event with Brownwood and Hamlin winning 12 of the 14 events.

The Pipers' Johnny Jones was the outstanding individual in the meet as the sprinter won the 100, 220 and anchored a victorious sprint relay team. Also coming up as a double winner was junior Robert Pharriss with a 19-3½ jump for first in the long jump and 11-6 in the pole vault.

The Piper mile relay team placed third in spite of last minute substitutes that put two new comers on the team. Because of a conflict with a U.I.L. band contest, both Steve Evans and Luke

Reynolds were replaced by Pharriss and Steve Williams in the mile relay. Coach Bill Grissom said that neither of the two boys had ever run the event before. This conflict probably also cost the Pipers some points in the 440-yard dash.

The Pipers will be competing in the Anson Invitational Track meet this Saturday with the prelims starting at 9 a.m. and the finals at 2 p.m.

Hamlin results in the varsity division at Sweetwater were:

Pole vault: 1. Robert Pharriss, 11'6"; 4. Gerald Rodgers, 10'6".

Long jump: 1. Robert Pharriss, 19'3½; 2. Stanley

—Cont. on page 6

### NEWS AND VIEWS . . .

## And What Have You

By BOB CRAIG

Like to remind you of the Lions Club Pancake Supper Friday night. Not only is this a pretty good feed for a \$1, but the proceeds will go to help several causes.

This year the Lions are letting the Stage Band share in the profits for their trip to Europe. The Lions will use their share to continue their support of the many projects they help sponsor in the area—including the local Boy Scouts, Crippled Children's Camp, The West Texas Rehabilitation Center and many other such activities.

From the results of the first track meet of the season Saturday in Sweetwater it would appear that Hamlin track fans are in for another good season. The Pipers won easily over the three other teams from our district in the meet—Coahoma, Colorado City and Ballinger.

Still hope that someday the economic situation will improve to the point that Hamlin can support a track plant worthy of our track teams and more of our own fans will be able to see these youngsters perform.

Some time back a suggestion was made to Mayor Joe Ford that Hamlin needs a taxi service for our elderly. It was pointed out that we have many people who are no longer able to drive and probably many more who should not be driving but they do not have any other way to get around.

Now it is doubtful if any one could operate a taxi service economically. But it would seem to me that this might be a good project for a church or even several churches to undertake. It probably is not feasible on a full

—Continued on page 4

## Lions Pancake Supper Friday

Pancakes will begin coming off the grill at 5:30 Friday evening for the annual Lions Club Pancake Supper. Serving will continue until 7:30 at the high school cafeteria, according to Loyd Burkhart, chairman of the project.

A Cake and Pie sale will also be held during the annual feed.

Tickets are still available

## Volleyball Tournament Set By FFA

Dates for the annual Future Farmers of America volleyball tournament have been announced by Milburn Wink, chapter advisor.

The tourney which will feature five divisions will be staged Apr. 3, 4 and 5 in the local gymnasium.

Practice sessions will begin today (Thursday) with student teams from 5 to 7:30 p.m. and adult teams at 7:30 p.m. Practice sessions will be Monday, Tuesday, Thursday and Friday evenings when not in conflict with other events on the school calendar.

This is the main fund raising project to send delegates to area, state and national conventions and judging teams to contests, Wink said.

## WTS History Professor to Speak Here

Harry L. Krenek, Associate Professor of History at Western Texas College of Snyder, will present a program during the assembly at Hamlin High School Tuesday morning at 9:15.

Krenak will speak on "Toward the Year 2,000." Everyone is cordially invited to attend.

from members of the Hamlin Stage Band or any Lions Club member. Tickets will also be available at the door. Tickets are \$1.00 each.

Local Lions will be serving all the pancakes and bacon you can eat.

The Hamlin Stage Band will share in the profits to aid in their fund raising efforts to tour Europe this summer.

## Local Lodge to Hold First Meeting In New Quarters

The first meeting in the new quarters of the Hamlin Lodge No. 958 A.F. & F.M. will be held Monday evening at 7:30 at 30 Southwest Second Street.

The Hamlin Chapter No. 460, Order of the Eastern Star, will join the Masons at a dinner that evening in the reception hall.

A special guest, Right Worshipful Russell Day of

## Annual Rabies Vaccination Clinic Mar. 13

The annual rabies vaccination will be conducted by Future Farmers of America Chapter Thursday, Mar. 13, at the vocational agriculture building.

A Rotan veterinarian will conduct the vaccination clinic from 1 to 5 p.m. He will be assisted by FFA members in issuing tags. City dog licenses will be available.

Hamlin City ordinance requires that all dogs be vaccinated and licensed. Dogs are not to be allowed to run loose, according to the ordinance. Recent action of the City Council calls for strict enforcement of the ordinance by officers.

Abilene, District Deputy Grand Master, will make his official visit and will present the 50-year Service Award to Fred C. Smith.

After the purchase of the building last year, the men have worked at night and in their spare time to renovate the building. Included is a reception room, kitchen, storage rooms and Lodge room. All labor has been volunteer.

The interior is finished with paneled wainscoting and blown acoustic ceilings and walls. A covered entrance is planned.

The last meeting in the Masonic Lodge Hall upstairs above City Hall was held Tuesday evening. After the work in the building is completed this week, the furniture will be moved to the new location before the Monday meeting.

The local Lodge was chartered Dec. 6, 1907.

The fraternal organization voted to move its quarters to give members the convenience of the ground floor location.

Present officers of the Lodge are C. R. Brumley, W.M.; M. E. Byerly, S.W.; Burt Oliver, J.W.; A. E.

The Blue Bonnet Cafe has announced that 10 percent of the proceeds taken in Tuesday, Mar. 11, will be donated to the Hamlin Stage Band.

**WORK NEAR COMPLETION**—Bill Sauls, left, and Paul Cooper, both past masters of the Hamlin Masonic Lodge, measure paneling in the east of the new Masonic Lodge building which will be used for the first time by the Masons and Order of Eastern Star Monday evening. The building at 30 Southwest Second Street was purchased last year and extensive remodeling has been done by volunteer labor.

## THRIF-TEE SUPER MARKET

## Girl Scout Leaders Want Summer Day Camp Here

The Girl Scout leaders are trying to set up a Day Camp this summer for all local Girl Scouts. Mrs. Curtis Payne and Mrs. Thomas Welch spent Friday through Saturday at Camp Booth Oaks, Girl Scout Camp south of Sweetwater for training in day camp leadership.

The day camp will need the mother of each Girl Scout who can help, plus anyone who wishes to donate their time and energy to help these and other leaders. The Girl Scout association requires that anyone that does help has to be 18 years old or older.

"You can even be a Senior citizen, just so you are young in heart and can work with

children, and pay \$1.00 Girl Scout membership dues," the workers said.

The camp director said this is good training for young college girls who are majoring in elementary education.

The camp has to meet Girl Scouts regulations and will be inspected before it can open. A lot of material will be needed and all donations will be appreciated.

The following items are needed:

Craft Material: yarn,

pencil, paper, tobacco cans, potato chips cans, boxes (cigar or any usable kind), paints and brushes (artist kind), foil, plaster molds, egg cartons, lids from spray cans, little juice cans, berry baskets, plastic bowls, and straws. Anything you think they can use to make something, save it for us, the leaders added.

Large items needed are: Dutch ovens, metal handle pots, pots with lids, long handled spoons, spatula, forks, knives, buckets (metal and plastic), foot tub, igloos, bow saw, ax, hoe, rake, shovels, jerry can. There are lots of items it takes to make a camp for a week, the workers noted.

Anyone who will help may call Mrs. Payne, Mrs. Welch or any Scout leader.

"Give these young girls a chance to be leaders of tomorrow," the workers urge.

The Hamlin Girl Scouts is made up of four troops with 50 girls participating.

## Xi Gamma Pi Hears Program On Quilting

Xi Gamma Pi chapter of Beta Sigma Phi met Thursday in the home of Mrs. L. C. Bonds for the regular bi-monthly meeting. Refreshments were served.

Mrs. Jerry Waggoner, president, presided.

Mrs. Joan Boaz presented the program on "Creative hobby: Quilting."

"Quilting is an ancient art and is considered a form of needle work. Quilted undergarments were worn for warmth under suits of armor in the days of knighthood," she said. Quilt patterns were shown.

On display were a double wedding ring quilt, a petal quilt, and a Boaz family heirloom quilt dating to the 1800's which was a sunburst pattern using shades of red, black and white.

Others attending were Mmes. Gerald Young, W. T. Johnson, Jack Willingham, James Harrison, Leldon Clifton, Arlie Cassle, M. L. Smith, Bill Feagan, Bob McKissack, Howard Mehaffey and Cecil Sellers.

The next meeting will be Mar. 13 in the home of Mrs. Smith.

## Janice Miller Honored With Gift Tea Here

Janice Lynn Miller, bride-elect of Jerry Farnsworth, was honored Saturday afternoon at a gift tea in the home of Mrs. David Giddings.

Guests were greeted by Mrs. Giddings and presented to the honoree, her mother, Mrs. Clarence Miller, and her fiancé's mother, Mrs. O. L. Farnsworth.

Mrs. Charles Reed and Mrs. Donald Young poured. The table was laid with a white linen damask cloth and centered with a golden candelabra entwined with yellow nasturtiums. Crystal appointments completed the table decor.

Special guests were Miss Peggy Farnsworth and Mrs. Larry Farnsworth, sister and sister-in-law, respectively, of the honoree's fiancé and Mrs. Nancy Miller, her grandmother.

Out-of-town guests included Mrs. A. A. Wade of Abilene and Mrs. Doyce Gillilan of Stamford.

Hostesses with Mrs. Giddings were Mmes. R. D. Wade, Loyd Burkhart, Charles Reed, Wayne Hodnett, R. B. Boil, Edgar Duncan, Richard Mullins, A. G. Miller, Marshall Stewart, Donald Young, James Carter, B. B. Colwell, J. E. Beard, Ione Cheshier and Gary Cooper.

The couple will be married March 22 in the Hamlin Church of Christ.

## Holiday Lodge Report

The Bible Class last Thursday was postponed due to repairs and painting at the Lodge.

Church services Sunday were held by First Baptist Church under the direction of the pastor, the Rev. Howard Jones.

Anyone wishing to volunteer for services to the patients may call 576-3643. Mrs. Robert Christian is activities director.

## Pecan Trees Need Proper Care and Management

Pecans do well in all areas of Texas but they need care and management if they are to be beautiful trees and produce large crops, emphasizes Kirby Clayton, county agent with the Texas Agricultural Extension Service.

A good home management program for pecans includes

fertilization, spraying and irrigation.

Apply one pound of ammonium nitrate to each tree for every inch of trunk diameter. This should be applied in two applications, one in February and one in May. Take care not to apply a heavy concentration of fertilizer on one place, since this will kill lawn grasses.

For pecans to maintain heavy foliage and clean fruit, spray the trees with zinc for normal shoot elongation, with a fungicide for disease prevention and use an insecticide for insect control when the proper time comes.

Irrigation is important for leaf development and fruit production. Under normal conditions, pecans will maintain healthy growth with 50 inches of total rainfall during the growing season. Clayton suggests applying water in a slow dripping or

trickle release for a long period of time rather than short periods of surface sprinkling.

The importance of irrigation is pointed out by the fact that a large, mature pecan tree will use at least 50 gallons of water a day in July and August, notes Clayton.

If pecan trees are properly fertilized, sprayed and irrigated, they should be healthy and productive, adds Clayton.

## Mrs. Bond Hosts B&PW Club Meeting

Mrs. Etta Bond was hostess for the Feb. 25 business meeting of Hamlin Business and Professional Women's Club.

Mrs. E. W. Ueckert, president, presided. After reports from officers, the group discussed the Equal Rights Amendment and voted to make a donation to the M. D. Anderson Clinic.

Cake and coffee were served.

Others attending were Mmes. W. C. Hargrove, Luther Haught, Melvin Scott, Othell Sipe and I. R. Witt.

The next meeting will be at 7 p.m. Mar. 11 in the home of Mrs. Sipe.

## Homemakers Change Date Of Meeting

It has been announced that Young Homemakers will not meet Mar. 10. The club will meet Mar. 17 in the Homemaking Department of Hamlin High School at 7 p.m.

The Future Homemakers of America will be meeting with the Young Homemakers.

A representative from the Child Welfare Department of Abilene will give the program on child abuse.

## Mrs. Becker Hosts Friends Club Meeting

Mrs. Paul Becker was hostess for the monthly meeting of Friends Sunday School Class of First Baptist Church last Tuesday evening. Mrs. Charles Pearce was co-hostess.

Mrs. Elbert Payne, outreach leader, presided. Mrs. Marvin Carlton gave the opening prayer.

The devotional, "Beautiful Garden of Prayer," was presented by Mrs. Becker and closed with the group saying the Lord's Prayer.

Others attending were Mmes. Albert Haught, teacher, John Howard Jr., Bill Shira, Buford Bigham, Howard Jones, J. E. McCoy Jr., Lee Ward, Paul Cooper, J. D. Kitchen, Cecil Sellers, George Pruitt and Herman Sharer.

Coffee cake, coffee and cola were served.

Mrs. Bill Shira and Mrs. C. E. Evans will be hostesses for the March meeting to be set later.

## AARP to Meet Here Tonight

The American Association of Retired Persons will meet at the Jaycee Community Building for a covered dish supper at 6 p.m. today (Thursday).

Hostesses will be Mmes. Tom Gregory, Noble Greer and A. A. Hackley.

Mrs. Earl Brown, president, said that an interesting program is planned and important business will be discussed, which includes a Defensive Drivers' Course.

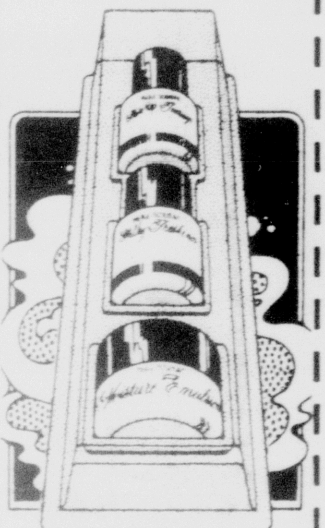

## JONES COUNTY

The Jones County Retired Teachers Association will meet Saturday at 11:30 a.m. at the 66 Sirlain restaurant in Anson.

The Anson program committee will be in charge of the program.

FROM THE FILES . . .

FIFTY YEARS AGO  
(March 6, 1925)

Rev. L. M. Lipscomb, who is conducting the revival meeting at the Methodist church will lecture Sunday morning at 9:45 a.m. to the Men's Down Town Bible Class at the Ferguson Opera House. The men from Dr. J. F. Taylor's Bible Class will be present at this hour.

The Hamlin School Parent-Teacher Association will meet on Tuesday afternoon, March 10 at 3:30 p.m. All patrons of the school and those interested are cordially invited to attend. Important business is to be transacted at this meeting.

The Revival meeting which is now being held at the Methodist Church is growing in attendance and interest. Rev. L. Lipscomb, of Plainview who is doing the preaching is drawing the people of Hamlin by the earnest appeal of his messages and the sympathy and love he manifests.

The band was reorganized again under the direction of G. C. Collum and under the management of Judge Clem Calhoun.

Miss Vincie Bowen is now one of the popular sales ladies with Jones Dry Goods Company. She began her work there the first of the month and will be pleased to have her friends call.

Mrs. J. F. Taylor delightfully entertained the members and a few invited friends on Wednesday afternoon of last week at her home on Central Avenue. The time was pleasantly spent playing progressive forty-two.

On Monday evening at the home of Mrs. L. C. Kee, Miss Ruth Roberts entertained with a dinner party honoring Miss Roberta Smith.

Rev. and Mrs. West of Bronte, were here Saturday and Sunday visiting Mr. and Mrs. W. E. Benson.

TWENTY YEARS AGO  
(March 4, 1955)

Hamlin Future Farmers of America and 4-H Club boys—hogs that they are—tried to "hog" the \$1,200 in cash premiums offered last weekend at the Jones County Club Boys Livestock Show held at Anson. The local exhibitors returned home with more than half of the premium money.

Collins Construction Company which only 10 days ago was awarded the contract for straightening, leveling and widening of Highway 83 from Hamlin to Anson, lost no time in getting to work on the project.

Only one person's name had been filed on the city election ticket when the Herald prepared to go to press. He was A. Spencer, who is a candidate for reelection in voting to be conducted April 5.

A special group of singers from Sweetwater will be among visitors at the regular Friday night singing at Dovie this evening community leaders announce this week. Singing will get underway about 7:30 p.m.

A boy for Mr. and Mrs. John Howard Jr. of Hamlin who was born Feb. 26 at 5:45 a.m. Weighing nine pounds four ounces, he has been accorded the name John Vernon Howard III.

W. L. Fletcher Jr., rural mail carrier out of Hamlin was elected as president of the Rural Letter Carriers Association of the Stamford district, comprising six counties, when the group met in annual convention last week at Stamford.

Contract of Superintendent of Hamlin Schools I. R. Huchingson was extended to July 1, 1958, when members of the school board of the Hamlin Consolidated ISD met this week at a regular session.

TEN YEARS AGO  
(March 4, 1965)

The Hamlin Pied Piper Band is again making plans to attend the Lamesa Invitational Band Festival to be held Saturday. The students will leave here Friday afternoon and housing will be furnished in Lamesa for the night.

The Pied Piper basketball team placed one man on the District 5-AA all District Team and one on the Honorable Mention list. Making the ten-man all-district team was Mike Shivers and Robert Pearce was places on the honorable mention list.

The Local Citizens Radio Club announced at its meeting Monday plans to have a CB

Jamboree in Hamlin, July 24 and 25. Citizens radio operators from a considerable distance are expected to be attracted to the event.

The Piper Stage Band of Hamlin High School won first in competition with nine bands in Class 2-A in the 14 annual Brownwood Stage Band Festival held Friday. The best stage bands in the state attend this annual event and the three-day festival included 45 bands from all over the state of Texas.

A new plumbing business opened Monday at 500 S. Central, owned and operated by Mr. and Mrs. J. C. Farmer.

The Post Office moved "home" this weekend and the employees are busy trying to get everything straight in the recently remodeled quarters. The building at Southwest Third and Avenue A, owned by Art and Stanley Carmichael of Abilene, has been the location of the Post Office since June 1951.

NEWS AND VIEWS . . .

And What Have You

— Continued from page One

time scale, but something might be worked out where a small bus or van could run a couple of days a week picking up and delivering the elderly in the community. . . taking them to town and returning them home an hour or so later.

While I don't know any of the details of the program, I received a news release from the Texas Highway Department this week about the availability of grants for equipment for such a program.

The release said in part, "Capital assistance grants for equipment to improve the mobility of the handicapped and elderly can be made to private, non-profit organizations."

Funds made available in the grants may be used to purchase capital equipment such as vans, buses, special lifts, radio dispatching equipment and other items needed to improve the mobility of elderly and handicapped persons.

Regional councils of government will be responsible for review of the applications for the grants which are to be matched with 20 percent of the project cost by the applicant organizations.

Admittedly, I don't know if some organization in Hamlin could qualify for such a grant but even without such a grant there is much that we need to do for our elderly here in Hamlin. Many communities have launched meals on wheels programs for the elderly and the shut-ins.

In the years past, communities such as ours took care of their own, but the trend today seems to be to ask the city, state and federal governments to take over responsibility for all the public service or welfare programs.

Churches used to play a much bigger role in such matters, but, as they have eased their way out of the social work in this area, the civic clubs and government agencies have had to move in. And this has been to the detriment of both the churches and the people in need.

home Feb. 6 after an extended illness.

He was born May 11, 1896 in Arkansas and spent his young years in Fort Worth. He lived in Hamlin from 1914 through 1918.

He is survived by his wife, Alice; a daughter, Mrs. T. C.

Lindsey, Comanche; a grandson; a great-granddaughter; two sisters, Mrs. Norma Lasseter of Hamlin and Ruby Carpenter of Abilene.

Services were held Saturday, Feb. 8 in the First Baptist Church of Comanche.

God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

J. A. Has Some Long-Range Advice  
For the Arabs With All That Oil

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes a look at the oil situation this week.

Dear editor:  
I don't know what it is about going to Washington that robs a man of his knowledge of human nature, but something does.

Right now, with filling stations selling you all the gasoline you want, with oil companies' storage tanks brimful, with ocean tankers hanging around waiting to find some place to unload, and with the Arab oil countries cutting back on production because there's no place to go with the stuff and you can't store it in a tent, it leaks, a lot of people in Washington are worrying over the possibility of the Arabs' refusing once more to sell us any.

How can Congressmen, as interested as most of them are in their personal fortunes, think that the Arabs aren't interested in money also? When you can get \$12 a barrel for oil that cost you 25 cents to produce with somebody else doing the work, you aren't going to shut the door in the face of your best customer. Oh, you might shut it once just to get the price up from \$6 to \$12, but there's bound to

be some Yankee horse-trading or you might say camel-trading sense under those flowing Arab robes. And of course, there's still some old-fashioned ingenuity left in the U.S., outside of Washington anyway. Sooner or later somebody is going to work out a useable source of energy not dependent on oil, and the Arab leaders sitting there on their bountiful pools may wind up like a man I knew a long time ago.

This man, when he was young, was told by his father: "Son, you see that wood lot out there? Hold on to it. There's going to come a time when fire wood is gonna get scarce, people will have to have it to stay warm, and a

Park attendance reflects gas supply

Park attendance was down considerably in the first few months of 1974, according to the National Park Service, but as gas supplies increased, more Americans began to travel.

The result was an increase of more than two million visits or 2.2 per cent, during June, July and August with parks near urban areas and recreation areas posting the largest gains. — CNS

NEWS FROM  
McCAULLEY  
By MRS. FRED KEMP

Mrs. Levi McCollum has returned home after a visit to Mr. and Mrs. Jim Pickens and family of Seymour.

Pratt Cox is home after having surgery last week at Stamford Memorial Hospital in Stamford.

Mr. and Mrs. Don Ferguson and family were visitors in the home of Mr. and Mrs. Charles Ferguson. Charles is still in Hamlin Hospital undergoing tests.

McCauley 4-H'ers Debbie and Dennis Carpenter accompanied by Mrs. Fred Kemp attended the Southwest Food Show at Rotan Community Center Saturday. Debbie baked brownies which were entered as a dessert and she was awarded a red ribbon. Dennis baked oatmeal cookies and entered them as a snack and she received a red ribbon.

Mrs. Eula McHome is home after being hospitalized at Stamford Memorial Hospital the past 10 days. Mrs. Jerry Maberry of Duncanville is spending a few days with her mother while

she recuperates. Granddaughter Mrs. Scott (Cathy) Bugham, also of Duncanville, is here and will spend some time with her grandmother until she is able to be alone again.

James and Max Kemp accompanied by Eldon Chambers, Vocational Agriculture Teacher, are leaving today for San Angelo where they will show swine at the Stock Show.

Mr. and Mrs. Jerry Jeffrey, Sheila, James and Daren, Mr. and Mrs. Billy Jeffrey, Fonda, Jana and Todd, Mr. and Mrs. Jackie Jeffrey, Brit and Tami are also attending the San Angelo show where they will exhibit beef cattle.

Mrs. Charles Baucum of Anson was a guest in the home of Mr. and Mrs. Bill Guinn Sunday. Mrs. Baucum is the former Vera Mae Cozart.

Russel and Mark Yates of Rotan were visitors in the home of Mr. and Mrs. Frank Allen this weekend. The Allen home seems to be a favorite spot for their grandchildren.

Health Tips  
Texas Medical Association

'Heimlich Hug' Can Be A Lifesaver

What would you do if you encountered a person choking—unable to talk or breathe? Most people would

probably slap them on the back and hope the problem would work itself out. Now, however, there's a better way! It's called the "Heimlich Maneuver" or the "Heimlich Hug." It was devised by Dr. Henry J. Heimlich, director of surgery at the Jewish Hospital in Cincinnati and in most cases where the "Hug" was applied, a life has been saved. Because the "Hug" is so easy and quick to do, and because its results have been so successful, the Texas Medical Association recommends that everyone become familiar with it so that future choking victims can be spared a needless death.

Prompt action is required to save a choking victim because death can occur inside of four minutes. The "Heimlich Hug," which you may want to practice on a willing "victim" first, can be applied from the standing position in this fashion:

1. Stand behind the victim and wrap your arms around his waist, allowing the victim's head, arms and upper torso to hang forward.
2. Make a fist with one hand and grab it with the other. Place the fist against the victim's abdomen, slightly above the navel and below the rib cage.
3. Squeeze the fist into the victim's abdomen with a forceful upward thrust. This may be repeated if necessary.

(Note: A second person

should be prepared to remove ejected food or other obstruction from the victim's throat when it is expelled.)

If the victim has already collapsed, the rescuer need not pick him up. Face down or face up, the procedure is basically the same: Straddle the victim. Place both hands (one on top of the other) just below the victim's diaphragm. Then push sharply toward the victim's head. The procedure should be repeated if necessary.

(Note: A second person should be prepared to remove ejected food or other obstruction from the victim's throat when it is expelled.)

The idea of the "Heimlich Hug" is to compress the air in the lungs, so that food stuck in the throat pops out, enabling the victim to breathe again.

Every year in the United States, 3900 people strangle on food stuck in their throats. That's more people than are killed each year in accidental shootings. In most cases, the incident occurs at the dinner table. The victim suddenly chokes, turns blue or black, and is dead within minutes. He can neither speak nor help himself. And chances are no one else will help him either since bystanders usually confuse the episode with a heart attack. Thus the popular appellation, "cafe coronary."

The typical case of "cafe coronary" involves an elderly person with either no chewing teeth, or with ill-fitting dentures. The victim also often has been drinking, and so is not as careful as he should be about cutting up his meat or chewing adequately.

In one case, a man told his wife, "Mabel, you can't swallow that big piece of steak." She replied, "Oh yes I can!" Unfortunately, those were her last words.

**RING THE BELL**  
In its first 50 years, celebrated Jan. 1, Bell Laboratories scientists and engineers have been awarded more than 17,000 U.S. patents, two Nobel physics prizes (in 1937 for demonstrating the wave nature of matter and in 1956 for inventing the transistor), three National Medals of Science, in addition to other prizes and honors. — CNS

SOUTHWEST FARM SHOW OPENS

Just as surely as March follows February, the Southwest Farm Show opens on Friday morning, March 7, and continues through Sunday night, March 9.

New and interesting farm tractors and equipment, shown for the first time in the Southwest, will be on display for the over 50,000 farm-oriented people expected at the Tarrant County Convention Center in downtown Fort Worth.

County agents and key farmers from throughout the state will begin arriving at the Convention Center Friday morning for the "New World of Agriculture" Forum. Speakers with world knowledge of farm-related subjects, will discuss the farmer's role in the crucial years ahead. The Forum will conclude with a luncheon with the principle speaker being Congressman Jerry Litton from Missouri. The Forum is co-sponsored by Texas Agricultural Extension Service. Tickets are required.

The Farm Show does include plans for the women. A cooking school will be held on Friday morning and a fashion show on Saturday afternoon. Homemakers with a talent for sewing will model their garments made from natural fibers to interested fashion-minded people. The show begins at 4 p.m. The winners will be announced at the tractor pull Saturday night.

F.F.A. teams from the ten Texas districts will show their skill as farm tractor mechanics at 6 p.m. on Saturday. This contest has become a feature event of the rapidly growing, nationally recognized Southwest Farm Show.

Each night thousands of sports fans will enter the big indoor arena to watch the fire-belching tractors roar down the dirt track dragging a weighted sled. Drivers from throughout the United States will be pulling for their share of over \$18,000 in purse money. Added to the excitement this year will be the mini-tractors — garden tractors with 350 plus horsepower engines. Tickets to the tractor pulls each night may be purchased at the ticket office at the Farm Show.

March could come into Texas like a lamb, but it should begin to roar like a lion in Fort Worth the week-end of March 7-9.

Rummage Sale Needs Items

More items are needed for the Stage Band Rummage Sale, according to Odessa Howard, chairman. She said that the rummage sale has been the biggest money-making project for the band's European trip this summer. "We urge everyone in Hamlin to begin their spring cleaning and take items to the rummage sale or call us for pickup at 576-3448," Mrs. Howard said.  
Mrs. Howard said they need items such as dishes, furniture, clothes, especially baby clothes, blankets, bedspreads, pots for plants, sheets, appliances, etc.

PUBLIC NOTICE  
SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS  
SPECIAL ELECTION APRIL 22, 1975  
NUMBER ONE ON THE BALLOT (S.J.R. No. 3)  
Repealing Sections 48a, 48b, 51e, and 51f of Article III and Sections 62 and 63 of Article XVI of the Texas Constitution, Article XVI of the Texas Constitution is amended to:  
Provide for the revision and consolidation of provisions relating to state and local retirement systems and programs and to provide that all general laws that have established retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this constitutional amendment will remain in effect, subject to the general powers of the Legislature.  
Provide that the amount a participating officer or employee contributes to the employee retirement system or the teacher retirement system shall be established by the Legislature but may not be less than 6% of current compensation and providing further that the amount contributed by the state may not be less than 6 nor more than 10% of the aggregate compensation paid to participating persons, except that in an emergency, as determined by the Governor, the Legislature may contribute more than 10% of the aggregate compensation paid to persons participating in state retirement systems.  
Provide that the Legislature shall provide for local retirement systems created by any city or county for its officers and employees and shall further provide for a state-wide system of benefits for officers and employees of counties or other political subdivisions of the State which may voluntarily participate, and

NUMBER TWO ON THE BALLOT (H.J.R. No. 6)  
Amending Article III, Section 24 of the Texas Constitution to:  
Provide an increase in salary for members of the Legislature from \$400 per month to \$500 per month.  
Provide an increase in the per diem rate for members of the Legislature from \$12 to \$30 for each day during each Regular and Special Session of the Legislature.  
Provide an increase in the transportation allowance for members from \$10 per mile to the rate prescribed by law for employees of the State of Texas.  
The wording of the proposed amendment as it will appear on the ballot is as follows:

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

Bill Cork Takes Over At Border Olympics

Former Piper super track star Bill Cork moved into the junior college ranks with a bang Saturday as he led Ranger Junior College to their first division championship at the Border Olympics at Laredo.

Ranger track coach Orland Aldridge took the talented freshman out of his speciality, the 440-yard dash, and entered him in both the 100 and 220 dashes. And without previous work in either event Cork walked off with the first place medals in both events.

Along with these two events he also ran on both the 440 and mile relay teams that captured first place honors. In the field events Friday, Cork jumped 6'6" for a second place in that event. Cork ran a 9.8 100 and a 22.0 in the 220. Ranger won the 440 relay with a time of 41.7 and the mile relay with a time of 3:16.7.

Another Piper off of last year's track squad, Ronald Maberry, took second place in the college division for McMurtry in the 440 intermediate hurdles with a time of 55.9. He scored eight of the 11 points scored by McMurtry in the meet.

Mr. and Mrs. Stephen Wynne Feagan are parents of a boy, Stephen Wynne Jr., 7 lbs. 4 oz., born Mar. 4 at 8:37 a.m. He has a sister, Danna Kay, 4. Maternal grandparents are Mr. and Mrs. Joe Fudge, great-grandparents, Mr. and Mrs. E. D. Jenkins and Mrs. Rodney Rook. Paternal grandparents are Mr. and Mrs. Bill Feagan, great-grandparents, Mr. and Mrs. E. C. Feagan and Charles Stephens of Anson and great-great-grandmother Mrs. Hester Littlefield of Anson.

Mrs. Dan Branscum returned home after a two weeks' visit with her daughter, Mr. and Mrs. Eddis Carpenter of Plainview.

Scientists warn of ozone danger

IRVINE, Calif. — If aerosol spray use continues at the current rate, stratospheric ozone levels probably will drop by 5 per cent in 1995 and ultimately by more than 15 per cent, according to Dr. F. S. Rowland, professor of chemistry, University of California at Irvine.

A drop in the ozone level leads to increased amounts of ultraviolet radiation resulting in possible damage to the eyes, sunburn, aging of the skin and skin cancer. — CNS

The poor spend 15 per cent of their income on energy while the rich typically spend only 4 per cent, according to Ford Foundation figures. — CNS

In 1949, the Social Security tax was only 1 per cent on both employer and employee, applied to the first \$3,000 of income. — CNS

# Complaints About Obscene Material On TV Paying Off

WASHINGTON, D. C.—People's complaints about obscene and indecent material on television are paying off. By reason of these complaints and pressure from Congressional sources, the Federal Communications Commission will seek legislation making it a crime to show these programs.

A ten-page report to Congress on the broadcasting of violent, indecent and obscene material proposes to close what the Commission believes to be a loophole in Federal law which makes it a crime to use indecent language in broadcasting.

Under present law, the FCC says it is uncertain whether the Commission has authority to proceed against video depiction of obscene and indecent material. The report does not specifically say what kind of programming would be considered indecent. In the past, some Commissioners have expressed concern that X-rated movies might be shown on television and some have already been shown.

The report points to recent guidelines the Commission issued in a decision involving complaints against a New York radio station which had broadcast during mid-afternoon a sexy program in what they considered to be vulgar terms. The Commission ruled that in that case it would not permit indecent language to be broadcast during hours when children might be

listening. One Commissioner wrote in the report that there should be no specification as to time. "To me," the Commissioner said, "the language used in this case has absolutely no place on the air whether it be 2:00 p.m. or 2:00 a.m."

In the past the problem has been, can the Government regulate and limit programs under the provision of the First Amendment to the Constitution guaranteeing freedom of speech. Under this Constitutional provision, it is sensitive for the Government to get into the business of determining what is offensive and what is not and this has been a hangup in trying to reach solutions to the problem of some broadcasting.

The National Association of Broadcasters' Television Code Review Board has adopted guidelines which will come before the broadcasting industry in April. In reviewing the reform proposal by the industry, the FCC has already said that it will not provide absolute assurance that children or particularly sensitive adults will be insulated from objectionable materials. The Commission says, however, that the new commitments by the broadcasting industry suggest it is prepared to regulate itself to bring about improved conditions. It goes on to say that if this were done to the proper extent, legislation may not be necessary.

One of the Commissioners who is a former broadcaster himself said that to try to set specific rules or setting aside certain times when more objectionable programs may be shown is not the answer. He said that "garbage is garbage" and, under no stretch of the imagination, should filth be permitted to be broadcast in the context of literary, artistic, political or scientific value.

The Commission's report and the proposed guidelines of the broadcasting industry are expected to be examined this month during Congressional hearings on how well the Federal Communications Commission is doing its job. It is hoped that the broadcasting industry in consultation and cooperation with the FCC will come up with agreement to clean up the airways and that, preferably, strict legislation will not be necessary. Government intervention and more control is not desirable if the problem can be resolved otherwise. Even drafting legislation for this purpose will be difficult in defining limits under the First Amendment of the Constitution.

"I can't write and record while I'm on the road and I enjoy doing both," said the Texas-born Davis. "I usually only write, though, when I'm inspired or under pressure, but Mark (who wrote 'Hooked on a Feeling' and 'Suspicious Minds') acts as a catalyst for me. He makes me write one song a day and they're good."

It was this Davis-Jones team which penned "One Hell of a Woman," said Davis, who revealed that he's much better on lyrics than melodies although "melodies are easier."

"I keep the melodies simple," said Davis. "I really think that's the reason for my

## Food Stamp Recipients Now Using New Coupons

Food stamp recipients are now using new coupons, according to the U. S. Department of Agriculture. The new stamps went into effect Saturday, Mar. 1, and come in larger denominations than the previous ones.

The coupons will be of \$1, \$5 and \$10 denominations. The 50-cent and \$2 coupons will be discontinued.

USDA's Food and Nutrition Service said the larger denominations were prompted by the volume of coupons needed to meet increased food stamp allotments, paper shortages and increased production and shipping costs.

The new food stamps — brown (\$1), purple (\$5), and blue-green (\$10) — use a more sophisticated design to deter counterfeiting.

FNS said that food stamp users must spend their current food stamps by June 30 of this year since retailers will not accept any old coupons after that date.

Authorized food stamp stores will use the \$1 coupon for making change instead of the current 50 cent coupon and credit slips of 99 cents or less for change under \$1. Books will be signed by the food stamp customer on the inside front cover, instead of on the back of the book.

The ivory-colored coupon books are in amounts of \$2, \$7, \$40, \$50 and \$65.

FNS advised retailers to redeem the current food coupons as soon as possible. Banks will continue to accept them for redemption until August 1 of this year.

Mr. and Mrs. Billy Davis Butler of Roby are parents of a boy, Cole David, 6 lbs. 14 oz., born Mar. 1 at 6:45 a.m.

## THE WORLD OF MUSIC Things coming up roses for Davis

By ROBIN WELLES  
Copley News Service

HOLLYWOOD — Mac Davis stopped and smelled the roses the other day because everything seems to be coming up roses for the likeable singer-song writer.

With an armful of hit records and a popular network television variety show, one might think that Davis would slow down and savor these moments — no way!

"Before the show was picked up I was doing a lot of concerts, but I've stopped this while the show is in production," Davis said in an interview. "So now I'm working on some new songs with my partner, Mark Jones."

"I can't write and record while I'm on the road and I enjoy doing both," said the Texas-born Davis. "I usually only write, though, when I'm inspired or under pressure, but Mark (who wrote 'Hooked on a Feeling' and 'Suspicious Minds') acts as a catalyst for me. He makes me write one song a day and they're good."

It was this Davis-Jones team which penned "One Hell of a Woman," said Davis, who revealed that he's much better on lyrics than melodies although "melodies are easier."

"I keep the melodies simple," said Davis. "I really think that's the reason for my

success and that of all country music. People want to be able to understand what they're hearing."

According to Davis, he's always had "the knack for rhyming words." This comes in handy during his show when he makes up songs to go along with crazy titles his guests think up.

"I have to admit that I do see the titles briefly before the show, but only to weed out the dirty ones," Davis revealed. "There are about 250 for each show so it's impossible to remember any of them."

Davis said he hopes the show will lead him into some movie roles, but so far the only scripts he's seen have been for cowboy movies.

"Southern people do other things, you know," he said. "Heck, I can't ride worth a dang."

"Ain't Gonna Play No Second Fiddle" is the title of Dana Gillespie's new RCA album and should be prophetic. Whether it's blues or rock, Dana handles the songs like they belong to her. She couples a warm voice with a masterful technique to bring special feeling to such songs as "Really Love the Man," "Hold Me Gently" and the title track (one of only three songs in the album that she didn't write).

On the singles' scene, David Clayton Thomas is proving that he can make it on his own since splitting from Blood, Sweat and Tears with a very solid disk on the RCA label, "Anytime... Babe."

Look for Lea Roberts to climb the national charts with a possible double-sided hit for United Artists Records. "Laughter in the Rain" is a beautiful ballad which is excellent technically as well as artistically. The flip side is a remake of Jerry Butler's great hit "She Will Break Your Heart." Roberts really gets into it, give it a listen. ... And watch out for the queen of heavy metal rock, Suzi Quatro, who has given the old Elvis hit "All Shook Up" a few shakes and rolls that Elvis never thought of. With Quatro's guitar and vocal coupled with some wild electric organ, this Bell Records release can burn out a lot of radios.

## Geothermal hole being dug in Idaho

BOISE, Idaho — The first geothermal program in the nation to try to tap water below 220 degrees Fahrenheit and use it for generating electric power is progressing as 24-hour-a-day drilling goes on in Idaho's Raft River Valley.

Expected to be completed in early March, the 8,000-foot geothermal exploratory hole will cost about \$700,000. — CNS

## Transistor inventor notes 50 years

MURRAY HILL, N.J. — Bell Laboratories, one of the largest industrial laboratories in the world, just celebrated its 50th anniversary Jan. 1.

Of all Bell Lab discoveries, invention of the transistor probably had the most far-reaching impact with applications ranging from portable radios, computers and medical equipment to space satellites. — CNS

## For shame, Grandma ...

STOURBRIDGE, England — Mrs. Alice Dakin, a 60-year-old grandmother, has been banned from attending soccer matches here for "ungentlemanly conduct," but she says the ban is unfair.

She says she shouted at Graham Williams, player-manager of the Weymouth club because "he waved two fingers at me." — CNS

## Geologists' theory on Amazon origin

Geologists theorize that millions of years ago, a large freshwater lake covered the entire area of the Amazon River's present drainage basin.

A general uplift occurred, and now a massive rain forest, the largest in the world, covers the area formerly occupied by the ancient lake. — CNS

STATE CAPITAL HIGHLIGHTS—

# Primary Bill Limpers Through House

AUSTIN—A Texas presidential preference primary bill finally limped through the House of Representatives after two days of bitter debate.

Opponents assailed it as a winner-take-all measure, disregarding national party regulations aimed at assuring proportional representation among state delegates of presidential candidates.

Proponents argued it will give average voters a more direct voice than they now have in the presidential nominating process.

Impetus for the bill (HB 679) by Rep. Tom Schieffer of Fort Worth came from supporters of U.S. Sen. Lloyd Bentsen of Texas for president and citizens weary of the political convention process.

Fierce opposition came from Democratic liberals who want to retain the "reformed" convention system, from George Wallace supporters and a few who have little enthusiasm for Bentsen's candidacy.

Most Republicans also voted against the bill—quietly.

As sent to the Senate, the measure calls for a vote in May on slates of delegates committed to presidential candidates who file. Elections would be held by senatorial or congressional districts (depending on decision of a state party's executive committee.)

Seventy-five percent of Texas' allotted delegates to the national party conventions would be elected directly at the district level, 25 per cent at the state conventions.

Proponents predict Senate passage of a similar bill, but some senators are reluctant. Gov. Dolph Briscoe has given his support, along with Bentsen.

**SCHOOL PLANS IN**

Governor Briscoe's school finance revision plan hit legislative hoppers this week, and committees of both houses prepared to begin

hearings on the high priority topic soon.

Briscoe's bill calls for a "weighed pupil" approach to distributing state aid and would cost \$589.9 million during the next biennium (\$919.9 million overall.)

Cost compares with \$2.7 billion for the Texas State Teachers Association school finance bill and about \$1 billion for one proposed by Rep. Dan Kubiak of Rockdale, former House Education chairman.

Briscoe proposed to increase teacher salaries from \$6,600 a year to \$7,430 during the next year and \$7,840 the next. TSTA is aiming for a \$10,000 a year starting teacher salary and Kubiak recommended \$8,400.

The Governor saw his bill as "a proposal to guarantee quality education to every child in Texas, regardless of the income of his parents or

the wealth of his community."

**BIG, BIG TRUCKS OK'd**

The State Senate passed 29-1 legislation to increase the gross weight limit for trucks on main Texas highways from 72,000 to 80,000 pounds.

The lone dissenter, Sen. A. R. Schwartz of Galveston, claimed the new weight would cause highway damage and an additional safety hazard.

Sen. Kent Hance of Lubbock, the sponsor, said the bill merely conforms with new federal load limits for interstate highways and claimed the formula designed will cause little measurable road damage.

The Senate also passed a bill to permit suspensions of "incorrigible" pupils for periods up to a year after notice and hearing and on the showing that they are a threat to safety and

disruption of the academic process.

**COURTS SPEAK**

The Court of Criminal Appeals ordered new trials for fathers in Dallas and Taylor counties charged with killing their babies.

New trial was also ordered for two San Antonio men who received 600 year sentences for shooting a night store manager to death.

The State Supreme Court held the Optometry Board of Texas can suspend advertising permits of opticians.

The High Court upheld a Court of Civil Appeals ruling that a Beaumont woman is entitled to \$5,000 damages after false arrest on shoplifting charges at a discount store.

Third Court of Civil Appeals sustained a district court judgment enjoining Empire Life Insurance Company from doing business in Texas.

An Austin district judge's ruling against repayment of teacher retirement system contributions to a former University of Texas employee was upheld by the Texas Supreme Court.

**APPOINTMENTS**

Ruben Montemayor of San Antonio, attorney who served as mediator during the 11-day Huntsville prison siege of last summer, was named by Governor Briscoe to the State Department of Corrections.

Briscoe also reappointed Lester Boyd of Vernon and James Marvin Windham of Livingston to the Board.

The Governor reappointed J. Pearce Johnson of Austin as a member and chairman of the Parks and Wildlife Commission. Joe Kirk Fulton of Lubbock was reappointed. Mrs. W. Smythe Shepherd

of Beaumont was appointed to the Lamar University board of regents, and David K. McKie of Tyler, Dr. B. Hunt McVicker of Lufkin and Dean Walton Turner of Henderson were reappointed to the Tyler State College board of directors.

Briscoe named L. T. Faircloth of Carrollton, Sam C. Naifeh of Orange, Charles Truett Smith of Wylie (reappointee) to Texas Industrial Commission.

**AG OPINIONS**

The adjutant general of Texas can permit civilian groups to use National Guard armory facilities if no state expense is involved, Atty Gen. John Hill held.

In other recent opinions, Hill concluded:

—Pollution data supplied

**Tree research aims at bypassing seeds**

BEAVERTON, Ore. — Weyerhaeuser Co. is funding a \$1.25 million research project by the Oregon Graduate Center for Study and Research here aimed at reproducing superior Douglas fir trees from single cells.

Object of the experiment is to bypass the process of growing trees from seeds which would make it possible to develop and mass-produce desirable strains of trees having a resistance to disease and insects. — CNS

**Too many drivers drink too much**

Seven per cent of licensed drivers drink too much, accounting for nearly 30,000 traffic deaths each year, says the National Highway Traffic Safety Administration.

A new device from General Motors would weed out the worst offenders by requiring them to punch in a set of five random numbers correctly before the ignition key would work. — CNS

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

—Cattle manure can be transported in its natural state as an "agricultural product."

**SHORT SNORTS**

A \$64.1 million quarterly rebate of city sales taxes was announced by Comptroller Robert Bullock—a month earlier than usual.

Attorney General Hill filed new motions to speed release of \$174 million in pollution control funds for Texas which had been impounded by the

federal government.

Cash receipts from Texas agricultural products decreased more than \$495 million in 1974, according to Agriculture Commissioner John C. White. White said value of Texas cattle and calves was cut more than half between January 1975 and the previous year (\$2.5 billion.)

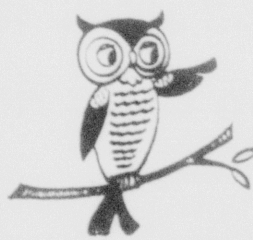

Twelve million in emergency funds will be mailed to 37 public junior colleges late this month.

# Farabee Seeks Creation Of Official State Register

AUSTIN—State Senator Ray Farabee today introduced legislation which would authorize the creation of an official Texas State Register. The publication would contain information about various State agencies and their activities.

As to the purpose of the Register, Farabee explained, "Government is too important to be left to a few. We need to get information to as many people as possible because too often citizens have too little say so in the day to day decisions of their government. I agree with Governor Briscoe that a Texas Register would provide more effective communication through the publication of information about the administrative operation of State government."

Farabee said he had worked closely on this matter with Secretary of State, Mark

**HEIDENHEIMER'S**

what is going on before it happens," Farabee said, "otherwise there is no way for them to express their opinion."

Also included in the publication would be executive orders of the Governor, summaries of Attorney General's opinions, requests for Attorney General's opinions, and various State agency rules. In addition it would contain a category of general information of State interest such as federal legislation or regulations affecting the State and State agency organizational and personnel changes.

Senator Farabee said a preliminary study on the Register indicated an increased interest in governmental affairs and a tremendous growth in Texas government. Since there is currently no means of official communication for State government a register would provide "a vital service" according to Farabee.

Most of the cost of publishing the Register would be ultimately recovered through subscription revenues.

## Services Held Sunday for Mrs. Elva Cox

Mrs. Elva Cox, 82, died at 11:40 p.m. Friday at Holiday Lodge Nursing Home.

Services were held at 3 p.m. Sunday in the Cumberland Presbyterian Church in Garden City.

The Rev. G. H. Short, pastor, officiated. Burial was in Garden City Cemetery directed by McCoy Funeral Home.

She was born Dec. 7, 1892, and married Phineas Cox Jan. 2, 1910, in Tulsa. He died May 20, 1966.

She was a member of the Church of the Nazarene.

Survivors include a son, Felix of Midland; a daughter, Mrs. Phil Smith of Hamlin; four grandchildren and seven great-grandchildren.

Three brothers preceded her in death.

The Speech Class of HHS is gathering entries for their school talent show to be held Friday, Mar. 14. Several entries have already been received and the show promises to be a good one.

HHS  
Texas Public School Week is being observed this week in Texas. The Hamlin Public Schools Open House was held Tuesday night.

HHS  
The Hamlin Stage Band competed in the Roscoe Stageband Festival last week and took first place as well as placing six people on the All-Star Band.

## Music Day In Schools Here Mar. 13

Mar. 13 has been proclaimed Music in Our Schools Day by Governor Dolph Briscoe and endorsed by specialized music organizations.

In observing the day, patrons of Hamlin schools are invited to visit music classes.

Also planned is a concert at Hamlin Elementary School at 12:45 p.m. Mar. 13. Price of admission will be 25 cents per person. Proceeds will be used toward the Stage Band's planned trip to Europe.

The public is invited to the concert.

## RAINFALL

Rainfall during the month of February measured 1.61 at the residence of Bill Rountree, official gauger for Hamlin.

Moisture was recorded on the following dates: Feb. 1, .74; Feb. 2, .40; Feb. 3, .20; Feb. 4, .10; Feb. 16, .04; Feb. 22, .07; Feb. 23, .06 (1 in. snow).

It is calculated that hydrogen comprises 90 percent of all matter

## SPECIALIST SAYS NO—Fertilizer for Crops Only?

COLLEGE STATION—With the present world food crisis and fertilizer shortages, should fertilizer use be restricted only to crop production?

"Absolutely not," argues Dr. Richard Doble, turf specialist for the Texas Agricultural Extension Service. "Fertilizer plays an important role in maintaining grasses in lawns, parks and golf courses, and these areas make significant contributions to the environment as well as having aesthetic and recreational values."

"For instance," says Doble, "grasses release oxygen to the environment while filtering many harmful pollutants. Sulfur, a major air pollutant in industrialized areas, is readily absorbed and utilized by grasses. Plants also thrive on carbon dioxide exhaled by humans. Furthermore, turfgrasses significantly reduce temperatures, glare, dust and noise in urban environments."

Another major function of grasses, according to the Texas A&M University System specialist, is that they reduce soil erosion and water runoff, two major problems in many areas.

What about the aesthetic and recreational aspects of grasses?

"Turfgrasses are essential for the health and happiness of people in urban surroundings," contends Doble. "In a recent national survey city dwellers ranked 'green grass and trees' as essential for their well-being."

Green belts and open area developments, such as parks and golf courses, are becoming increasingly popular, according to the turf specialist. "Golf courses have replaced lakes as the major attraction for land developers for the sale of home sites, apartments and condominiums."

Rather than restrict the use of fertilizer for turfgrasses, Doble urges efficient use of plant food materials. He also suggests the use of slow-release fertilizers that are especially formulated for use on turf. Organic materials such as sewage sludge are also well suited for use on non-crop land to promote grass growth.
